BITS and PIECES

ASSHOLE OF THE MONTH

Some family trees bear nothing but Assholes, from the highest branch to the deepest root, especially when that tree is a family Bush. Prescott S. Bush Jr. is more than President George Bush's big brother; he's also HUSTLER Magazine's Asshole of the Month for November 1991. Being President Bush's older sibling is easy, fun and profitable, sort of like being closely related to a Mafia don.

Prescott played the middleman in a \$5 million deal that sold a 40% slice of Asset Management International Finance and Settlement—a company in which the elder Bush brother held considerable stock and was a senior adviser—to West Tsusho, a Tokyo-based investment company. West Tsusho coughed up a cool quarter-million bucks to Prescott Bush and Company for arranging the Asset Management buy. In some businesses, this type of payment would have the gamey odor of a kickback. Certainly, it is the kind of payoff that would have smelled sweet to Don Vito Corleone.

Prescott specializes in business development in Pacific Rim countries, just like some businessmen specialize in extortion or loan-sharking. Together with a Chinese government organization and Aoki Corporation, a major Japanese construction company, Pres (not Prez) worked on an \$18-million project to build the Shanghai Country Club, a resort complete with tennis courts and golf course. For his role in planning the undertaking, Bush will receive 25% of the profits. Prescott Bush may not have been peddling the influence of his brother, but he cer-

John Sununu: Pillow-but White House Chief of Staff John Sununu has an ego as big as his keister, both of which he loves to lug around in Air Force jets and federal limos. As the most hated man in the White House, even the Republicans can't stand His Imperial Bubble Buns. "The press is out to get me!" Sununu is reported as whining, but we don't want to get him. We just want to give—an Asshole.

Vanilla Ice: Born Robert Van Winkle, which

tainly was an influential peddler. Michael Corleone himself would be happy with a 25% cut on no initial outlay, zero risk and an absence of operating costs.

When Japanese police fingered West Tsusho as a *yakuza*-dominated company, Prescott Bush was able to act surprised. It was as if he had never heard that Japan had a Mafia. Imagine Prescott's shock when ties were disclosed between Aoki Corporation—the President's brother's golf partners—and the same Japanese crime syndicate. Prescott sells himself as an expert on Asian business affairs, but what reason had he to suspect that his bundles of cakewalk cash were coming from gangsters?

Big bro Bush's deals look as "sweet" as those of his nephew Neil. (The President's son has the ability to accept a \$100,000 no-payout loan from a \$32-million defaulter and see no conflict of interest.)

Prescott Bush, like so many in his family tree, would present himself as an honorable, ethical man. He has even been a vestryman at the Greenwich, Connecticut, Christ Church.

In his days as a high-profile churchgoer, Bush probably decried the moral decay of the United States today. Where have the old family values gone? What has happened to the work ethic? Why does everyone want something for nothing? Bush is

of a type who are fond of blaming magazines such as HUSTLER for exuding an evil influence upon society.

In truth, America is in a moral and ethical crisis. We stand at the verge of losing not only our superior lifestyles but also the vestiges of freedom, liberty and dignity that we have left. Our national soul belongs in intensive care.

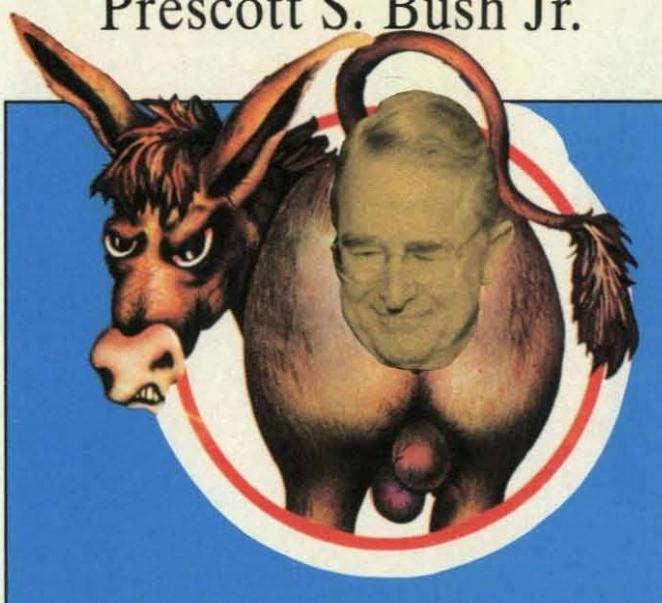

One thing this country has no shortage of is organized crime. Whether at the hands of government goons, Cosa Nostra-run service industries or corporate conspirators, law-abiding Americans are being squeezed by highly sophisticated, complex hierarchies of thugs.

Prescott Bush, as much as anyone, could be accused of introducing the Japanese criminal underworld into the American economic system, much in the same manner that an anonymous Australian airline steward has been credited for bringing in the AIDS virus. Perhaps, as foreign-affairs expert Prescott Bush ingeniously maintains, the Presidential sibling was totally unaware that he was dealing with some of the world's most ruthless, virulent mobsters. A logical question arises: Why didn't he look a little closer? The logical answer is: Dirty money looks best from a distance.

"It doesn't hurt that my brother is the President of the United States," simmers Prescott. Maybe it hasn't hurt him, but it has surely harmed the rest of us.

Every family has an Asshole. Too bad the Bushes wouldn't settle for just one.

Prescott S. Bush Jr.

FARTS IN THE WIND

rhymes with tinkle, white-trash rap geek Vanilla Ice rode a mix of rhyming bluster, bad haircuts and a bogus life story to pop stardom. Van Winkle is probably the only moron in America who believes the Vanilla Ice story. The deluded singer, while protected by three bodyguards, allegedly pulled a 9-mm pistol on a transient who was attempting to sell him a necklace.

For conspicuous bravery, Ice is awarded a Vanilla Asshole.

Chief Gatsha Buthelezi: South Africa's Zulu chief and head of the Inkatha Freedom Party travels the world touting nonviolence and democracy. Yet, the chief has never allowed an opposition party for his Kwazulu homeland, where his warriors rule with clubs, spears and AK-47s. No opposition to the chief being awarded an Asshole.

OUR LAWYER ISN'T LAUGHING

We would like to suggest that you get that despicable, hard-up-for-money slot Dana Plato from TV's *Diff'rent Strokes*, who has appeared nude in other rags, to do a centerfold that would have her sucking off that criminal ape Todd Bridges, and if possible, have that tiny freak Gary Coleman beating off in the background. What a laugh! This would sell 11 million copies, guaranteed. HUSTLER forever!

NO PROBLEM!

I am writing you regarding something that has been bothering me for a long time. In my circle, I'm considered very pretty, but too short to do any modeling. I am 5-4 tall, and I was wondering if HUSTLER has any height standards for the women who appear in its pages? I would really appreciate an answer to this question. Thanks for your time.

—D. M.
West Trenton, New Jersey

Amazingly enough, D. M., our upcoming Beaver Hunt is dedicated entirely to women exactly your height. Rush your pix today!

IT'S THE ALTITUDE

We Canadians can't understand why HUSTLER is censored to all hell. Ads, pictorials, *Erotic Entertainment*, *Hot Letters*, you name it—there are blackouts everywhere. If we didn't want to see it, we wouldn't buy it. HUSTLER's a great magazine. What gives?

—G. M.
Toronto, Ontario

Listen, all you thick Canucks, let's get it straight, once and for all—the Canadian government, not HUSTLER Magazine, smears that black ink on the pages! Why not send them a letter, for a change?

WAKE-UP CALL

What the fuck is the problem with the United States government? Me and the boys in Saudi Arabia want to know. Don't they understand the situation here? I haven't had a piece of ass since God knows when. I don't even remember what a pussy tastes like. With 20 men to every woman in the military, it's extremely difficult to get laid, and the fucking Saudis won't let their women so much as look at an American GI. The wind blows, and my dick gets hard. Please, HUSTLER, let your readers know what the troops stuck behind in the Gulf are confronting so they can give us a good welcome when we get back. And I don't mean a parade. We don't give a fuck about that. I'm talking about wild parties and orgies!

GET A CLUE

I'm a 28-year-old male who wants a little bit of the wealthy generation. I want to find a sleaze magazine about older, wealthy women who like young studs. Could you help me find a good one, where I wouldn't get ripped off? I've contacted a few, and they all want a lot of money, or they just don't contact me. I should have thought about writing HUSTLER sooner, but my mind wasn't working.

—D. A.

You're mind still isn't working, D. A., and that's why we're going to give you some friendly advice. Get a job as a bag boy at the checkout counter of your local supermarket. Supermarkets are the spawning grounds for the type of women you're looking for.

PLAY MISTY

I'm a 40-year-old male who has never written to any publication, let alone HUSTLER Magazine. But when I turned to the July 1991 HUSTLER *Beaver Hunt*, I felt I had to let you know Misty is number one with me. When I got a load of those braces, I almost shot my wad without even touching my dick! Misty's incredibly gorgeous. I want to see more of her, especially her beautiful tits. Please! What a nice, hairy cunt! Misty, wearing your braces is excellent! I couldn't get my circumcised cock to calm down until I jacked a good load of cum while looking

MORE THAN MEAT

HUSTLER is the most dirty, disgusting, perverse publication on earth, and that is exactly why it does appeal to me so very much and why I buy it as often as I do. I like the feature on page six of the August 1991 issue ("Dicks Are Better Than Pussies! Here's Six Reasons Why;," *Bits & Pieces*, August '91). The two-foot-long cock on the guy looked fairly realistic. I'd like to see that same two-foot-long cock pose with porn star Ebony Ayes in a full-page pictorial. You could caption the photo "Ebony Ayes puts in a long, hard day at work."

Different men like different aspects of women's bodies. Some men like women for their tits, some men like women for their asses, and some men like women's legs. But I think what's on the inside is what matters. The vagina, cervix, uterus, bladder, rectum, ligaments and all of that other shit! You didn't think I was talking about the fucking personality, did you? I've heard rumors that HUSTLER has recently launched a gynecological spy satellite that can examine women's cunts from hundreds of miles in space. Now that the secret is out, I want to see your new satellite show off its stuff. I think you should use your satellite to explore the stars—the porn stars, that is!

—R. T.
Hartford, Connecticut

Here it is, folks—the first *Feedback* letter misogynistic enough to make us reconsider supporting the Femi-Nazi movement. Keep it up, R. T., and you'll have a whole different HUSTLER on your hands.

IS THAT ALL?

The article on Krishna kids by David Feller could have been written in better order, using more factual details for a truer story (*Krishna Kids: Battered in the Name of Godhead*, February '91). I like HUSTLER Humor, but I never see any Jewish jokes. Have the Jewish people paid you off or something? When Larry Flynt was in prison for contempt of court, jokes were done on him being fucked by fellow inmates while he was helpless in his wheelchair. Why hasn't HUSTLER done any fact-finding on why the correctional system doesn't want prisoners to have sex with their wives and girlfriends, instead of each other? Why hasn't HUSTLER done a story on the Roman Legion's units that were all bisexual or homosexual, killing women on their rampages and saving some of the men for sex

acts? Or the sex games in ancient Rome involving humans and animals to the death? When will HUSTLER have a medical journal on sexual disease and its cures with pictures? HUSTLER is a rare book in Wisconsin. How come? —L. C.

Portage, Wisconsin

OUT ON A LIMB

Thanks for showing all the bare feet of your attractive models. It's been the reason why I've been buying HUSTLER over the past few years. However, while you've been showing a lot of feet, you haven't been showing the models enjoying them. Don't be afraid to go out on a limb. That's where the fruit is.

—L. B.
Toronto, Ontario

I just sat down with the July '91 HUSTLER. When I came across the pictorial *Hot Shot*, I realized I wasn't normal (*Rachel, Lisa and Anna: Hot Shot*, July '91). The first thing that caught my eye was the Crown Graphic camera. When I was enrolled in a photography course at a local junior college, I used one of the school's Crown Graphics for a studio portrait assignment. I have a problem. I've yet to photograph a lovely lady nude. It's not hard for me to get the ladies home. They

don't mind fucking, being eaten or sucking cock, but any suggestion of having them pose nude and *wham*—they get frigid. When I pick up my camera, *whoosh*, on go their clothes, and they're gone. What am I doing wrong? —J. E.
Haltom City, Texas

Maybe they think you're planning on using the telephoto lens as a kind of prosthesis. Try acting like a gentleman. Ask to snap a lady while she's fully dressed. Maybe she'll loosen up.

SAVING GRACE

Who'd have thought HUSTLER was saving the best for August 1991? Centerfold Melina is the sexiest woman who ever opened up to a men's magazine (*Melina: Savage Grace*, August '91). I can't thank you enough for bringing Melina into my life. She saved my summer!

DRY LOAD

I'm a 20-year-old actress and model from a totally prestigious part of L.A. I've cleaned up, but I used to be the wildest party bitch in the city. Sex, drugs, rock and roll—you name it; my parents either bought it for me, or I took it myself. I was eating more Percodans in a day than Lilly and Upjohn could crank out in a week. There was nothing I liked better than getting reamed while blasted on Percs. Anal sex is heaven when your sphincters are riding on downs!

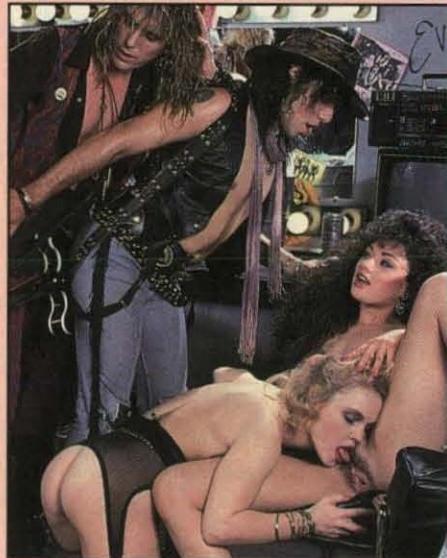

All of that changed when I conked out one night and didn't wake up. My parents totally freaked. I was packed up and crated off to a halfway home for girls. As if being stranded without boys or dope wasn't bad enough, the rehab was in the fucking heart of the Valley. Catfights were common at all hours of the day. A stuck-up bitch tried to pick a fight with me over the use of a sink in the bathroom my very first day. We were going hot and heavy when I got the word to cool it from a beautiful, young, cherry-lipped blonde. I stopped fighting. The other girl didn't. A resident patrolwoman showed up, thought I was being attacked and tossed the stupid wench into solitary.

The rules at the home were way strict. I couldn't even get aspirin when I went on my period. "Son of a bitch," I told my friend Caroline. She was the girl who tipped me off in the bathroom. My dad worked in movies. Hers worked in the music industry. She was the only girl I met who seemed to have any sense. "My pussy is totally cranking. I've got to either get fucked or high, fast," I said.

Caroline sympathized with my vaginal pain. "Lay down," she told me, gesturing to her cot. "I'll jack you." She slipped her hand inside my briefs and ran it down my fluffy mound to the crack. She squirmed one finger, then another, under the tape of my feminine napkin. The cotton lining was already damp with menses. She wrapped her fingers around my slick clit and pulled the joy nub out as far as it would go. An immediate rush of hot fluid wet my pants.

She jammed half her hand up my slimy cunt, stretching my pussy lips to breaking. I barely had time to stroke my tits before bucking with gruesome, hard comes.

Caroline got lucky one time and smuggled a half dozen 10-mg. Valiums from some rock 'n' roll client of her father. We got mildly blasted. Of course, we got caught. For punishment we were both sentenced to solitary confinement for the weekend. Just as an indication of how stupidly the whole institute operated, Caroline and I were put into solitary together.

er. Her contact was an orderly who worked the night shift. He was totally sorry we got busted and wanted to make up for it any way he could. Caroline got him to smuggle her to a phone that Friday night. After making a few calls, she returned with a humongous smile on her face. "We're outta here," she smiled. "It's all set. Are you off the rag?" I said I was. She said, "Just in time."

It turned out her father was organizing a big antidrug concert at the beach. A ton of really famous bands were going to play to raise money for rehab clinics and spread the word that drugs were bogus. Some guys in one of these bands were going to smuggle me and Caroline out of solitary for the night to see the show.

Right after lights out, our orderly friend snuck us into the arms of the raddest-looking dudes. The band members couldn't show, because they were warming up for the stage, but these guys were friends of theirs, and they had a big, cruisin' van, plus a major pharmacy laid out on half a dozen guitar cases. I'd never tasted purer coke in my life, and I'd dated a top entertainment lawyer for five fucking years! Coke was the least of it. There was hash, smack, pills, grass, Stoli, ice, Bud, totally sexy dudes—in ten minutes the van was spinning, and Caroline and I were on our knees happily giving head.

When we finally got backstage, the band was doing better coke than the mind-bending blow in the van. After they did the gig and warned the Bush generation about the evils of dope, they rounded up me and Caroline and a few other girls to spend the night at a beach house nearby.

Maybe my tolerance level had dropped. When I downed my regular number of Percodans, I felt like I was tripping on air. I latched on to the newest member of the band—the drummer—and pulled him into a dark corner. "Fuck my ass, fuck my ass"—that's all I could say. I frigged my clit to get some lubricating juice and spread it in my butt crack. Without even stripping off his gamey leather pants, the dude whipped out a ramrod. I squatted on his hard tool as easily as if it were a hot knife and my butt a soft pat of butter.

The next thing I knew, Caroline was shaking me awake. I must have come like crazy, because my jeans were as sticky as honey. That was dope's biggest disadvantage—forgetting the best parts of an evening. Now that I'm clean, I never forget when my pussy squirts like a fountain!

ALL 4 NEW VIDEO CLASSICS

FOR ONLY \$19.99! A \$199.00 Value

As part of a national advertising campaign to introduce you to our friendly, discreet and efficient video service we're making this unbeatable offer. For just \$19.99 we will ship to you all four of the full-length videos you see in this ad. We repeat. All 4 video features will be sent to you for just \$19.99! You'll receive **Ashlyn Gere In "True Sin," Raven In "Sexual Intent," Ariel Knight In "Portrait of a Nymph" and Victoria Paris and Tianna In "Cool Sheets!"** #8127

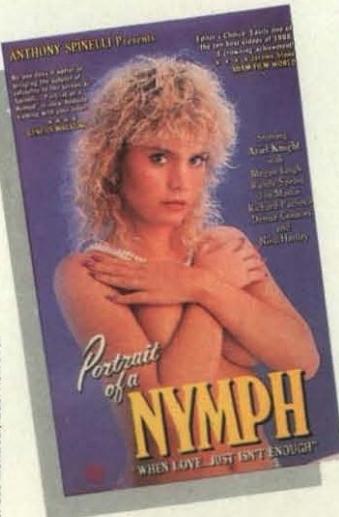

TRUE SIN — **Ashlyn Gere** and **Lauren Brice**. Already hailed by the critics as a classic, award-winning director Anthony Spinelli has done it again. A top production starring Ashlyn Gere, the sultry and sexy newcomer voted "Hottest New Female Star of 1990"! "True Sin" has received the highest rating from Adult Video News and is destined to become a modern classic. But don't take our word for it! See for yourself why "True Sin" is the title on everybody's lips! Time Approximate 1 Hour 5 Minutes.

SEXUAL INTENT — **Raven** and **K.C. Williams** head an all-star cast in this Spinelli masterpiece. He was just passing through the small town when he decided to stop. He had no intention of staying and he certainly didn't realize that he was the center of everyone's attention. The pairs of eyes that were on him were the eyes of the most luscious ladies he would ever encounter. And they had a plan for him. What was their intent? We won't give away the story except to say that it doesn't mean a thing if it's not done with "Sexual Intent"! Time Approximate 1 Hour 5 Minutes.

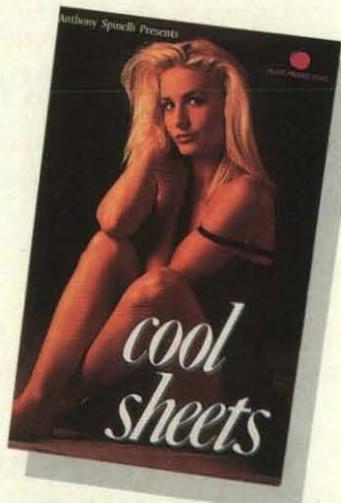

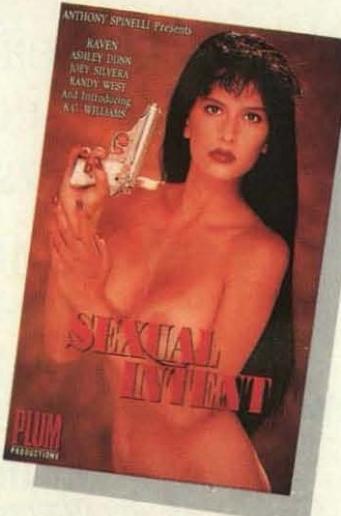

Our **Iron-clad guarantee** that comes with every purchase also applies to this special offer. It's simple. If you are not 100% delighted with your purchase just return it within 30 days for your money back. No questions asked! But we're sure that you will be more than pleased with each of the 4 sexy videos starring the hottest names in the business. Place your order today and we'll also include a specially selected "mystery gift" along with our brand new color catalog filled with more of the best buys in adult video — ABSOLUTELY FREE!

Please note: Due to the extremely unusual nature of this offer we reserve the right to return any order, unopened, after the first 5,000 sets have been sold.

COOL SHEETS — **Victoria Paris, Tianna and Cheri Taylor** starring in a spine-tingling Spinelli feature. Everyone has a friend they like to share things with. Mickey and Buddy were the best of friends...until the women became involved. That's when it became the weekend where nothing went right, and absolutely nothing fit. It was also the weekend where Buddy decided he was going to be just like his pal Mickey...impressive, cool and very smooth — like slick, satin sheets. Spinelli captures and communicates the heartbeat of pure sexual passion in "Cool Sheets." Another classic! Time Approximate 1 Hour 3 Minutes.

PORTRAIT OF A NYMPH — **Ariel Knight** and **Megan Leigh**. She just couldn't control her sexual appetite. Like a bomb ready to detonate she was always on the very edge. Her last encounter was just a fading memory as she looked for her next. There was only one thing to think about — the next one. Who will it be. Where will it happen. But most importantly, when? Ariel Knight is perfect in the title role and "Portrait" has become yet another Spinelli classic gathering 4 stars from Adam Film World and adding another title to the already impressive string of Spinelli successes. Time Approximate 1 Hour 4 Minutes.

NEW WAVE HOOKERS 2

Fully Erect. Directed by Gregory Dark; starring Madison, Savannah, Sandra Scream, Danielle Rogers, Ashley Nicole, Jamie Leigh, Patricia Kennedy, Cameo, Ricky Lee, April Rayne, Amanda Stone, Peter North, Joey Silvera, Marc Wallace, T. T. Boy, Randy West, Tony Montana, Tom Chapman and Randy Spears. Videocassette: VCA. Shot on Film.

Some people didn't like the Dark Brothers the first time around. Prudes, retard, bores, the competition. These same people won't like director Gregory Dark's salient brand of slime any better in *New Wave Hookers 2*, which is good news for the rest of us. From Madison's opening back-to-back squack attacks (the spritely mite takes Peter North's copious load in hand and rubs it into her face, neck and chest in preparation for diving upon a second schwanz) to the oral/vaginal/anal triple-plugger finale, *Hookers 2* delivers the sleaze, feminine variety and pointed absurdity that Dark Brothers detractors have come to expect and loathe. Disparaging minds will cringe at the twitch of Savannah's sweetly flexing buttocks, wince as Randy Spears sucks Danielle Rogers's sugary pussy inside out, and psychically vomit at the spectacle of five swollen-dicked Neanderthals using Ashley Nicole as a cum wipe. Viewing *New Wave Hookers 2* requires either one barf bag or two boxes of Kleenex.

—Christian Stapiro

Sleaze, feminine variety and pointed absurdity.

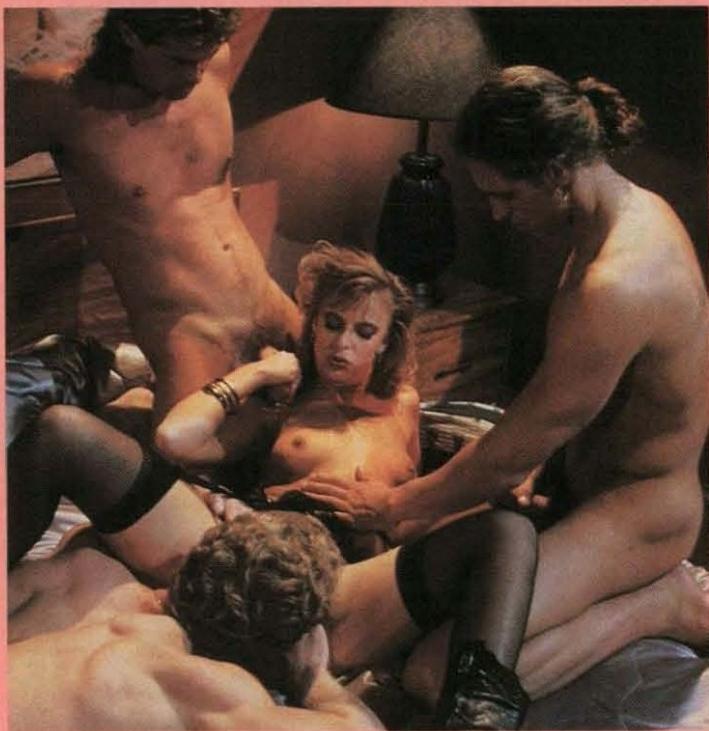

Madison wipes cum all over her face.

She isn't a blonde, but she melts Ice.

Boyer puts hand to Pump.

Hooker: Leigh is devious, depraved, cock-hungry and kinky.

3 MEN AND A HOOKER

Three-Quarters Erect. Directed by Robert McCallum; starring Jamie Leigh, Cal Jammer, Joey Murphy, T. T. Boy, Ashley Nicole, Marilyn Rose, Wayne Summers, Brigitte Aime and Monique Simone. Videocassette: Western Visuals.

Here's a porn tape that rips off a title from a mainstream movie, borrows from the story and does a good job of it. Jamie Leigh plays a hooker with a passion: She's devious, depraved, cock-hungry and kinky. She puts a collar and leash on T. T. Boy to do it doggy, and her two scenes with three guys are high-energy, cum-flying fuckfests, just what group sex should be. Excellent sound, lighting and camera. *3 Men and a Hooker* are worth a look.

—Woody Hood

BLONDE ICE

Half Erect. Directed by Scotty Fox; starring Casey, Alice Springs, Tracey Adams, Jennifer Stone, Randy West and Mike Horner. Videocassette: Executive Video.

Old-guy director Scotty Fox is joined by old guys Randy West and Mike Horner in a cheap sex farce with zero interest, other than what's provided by four floozies, one of whom is big, old-guy Tracey Adams. Adams looks edible, good and healthy, much more relaxed and appealing in her ripened, plush configuration than she did in her borderline-anorexic days as a budding harlot starlet. The other three twats are newer—two have practically never been seen before and will perhaps seldom be seen again. The hottest is an ethnic-white, natural girl with a tattoo on her Earth-mama tit. She ain't blond, and she ain't ice.

—C. S.

PUMP IT UP

Totally Limp. Directed by Michael Craig; starring Erica Boyer, Sharon Kane, Buck Adams, Lisa Wilson, Austin Moore and Tom Chapman. Videocassette: Las Vegas Video.

Only the most die-hard Erica Boyer and/or Sharon Kane fanatics will endure this tape. The intro, Kane and Boyer talking tantric sex and spirituality, is boring, and is the beginning of seemingly hours of talk, talk, talk and snore-inducing, pseudosensual foreplay and tepid fucks.

—W. H.

SCARLET FANTASY

Half Erect. Directed by Jeffrey Stevens; starring Jennifer Stewart, Paula Price, Cameo, Sunny McKay, Nina Hartley, Mike Horner, Tom Byron, Eric Price and Cal Jammer. Videocassette: Vivid.

Scarlet is a concept flick that abandons its half-ass idea halfway through and settles for stacked chick Paula Price coating hubby Eric with a sheen of hot baby oil, then slicking herself down for a slip-and-slide wild ride. Sunny McKay's scrunched-up munchkin face simulates glee as she and Nina Hartley smear dollops of Mike Horner's cum on Sunny's chest. Long Jennifer Stewart, whose athletically feminine body, perfect teeth and pleasant disposition indicate a superior genetic makeup, excels on the end of Tom Byron's prod, her blond mane matted with sweat as he pops his nuts on her rocking butt. Cameo gets generically sucked and speared by Cal Jammer, and one more generic palm-fuck has been knocked off at home.

—C. S.

Byron and Stewart share a sweaty Fantasy.

MORE DIRTY DEBUTANTES 7

Three-Quarters Erect. Directed by Jamie Gillis and Ed Powers; starring Ed Powers, Jamie Gillis, Zara Whites, Sikki Nixx, Randy West, Chessie Moore, Leah LaMarr, Ricki Lynn, Nikki Troy, Michelle Blanca, Martika Dane and Christian Boener. Videocassette: 4 Play.

Losing video virginity to the Nasty Brothers should be a requirement for any aspiring adult actress. After these two perverts, everything else is tame. Five newcomers (six, counting the box's hype that Zara Whites's first time is here) give it up for the lusty lens of Gillis and Powers, with 12 ballbusting sex scenes. Powers hogs most of the muff, including an inflatable doll. At 140 minutes, fast-forward is essential. —Sam Lowry

HOT CHERRIES

Half Erect. Directed by Rebecca Steele; starring Sabrina Dawn, Amber Rose, Tonisha Mills, Brandy West, Cassandra Dark and Kelly Royce. Videocassette: Coast to Coast.

Of the five lesbo liaisons contained in this tape, only two work for deflated tools. Sabrina Dawn and Tonisha Mills stick cherries up their cunts, eat them out, drizzle cherry juice over each other and lick it off. The finale features a blond hellcat of a butt-slapping, asshole-diddling pussy-eater working over a lithe little squaw. —W. H.

Moore isn't a debutante, but she's Dirty.

Nasty tarts with hot Cherries.

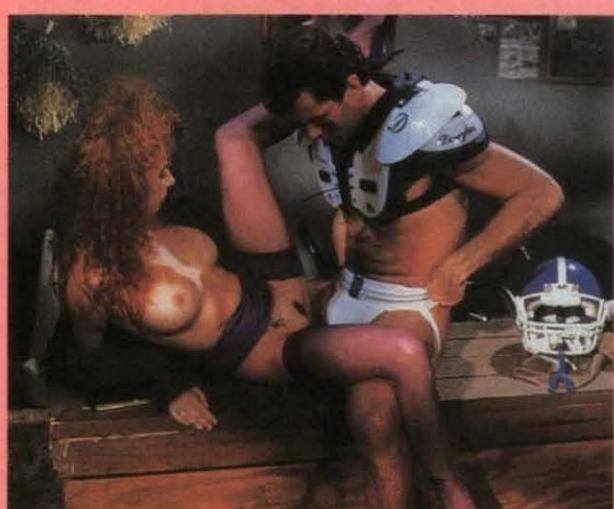

Casey opens her Door.

DOOR TO DOOR

Half Erect. Directed by Jim Enright; starring Casey, Paula Price, Kristina King, Jon Dough, Randy West and Eric Price. Videocassette: Executive Video.

Cute cunt Casey has the looks to cook up a fire in any man's pants, but in the first fuck Dough barely rises. Casey gets more energy from West; she fucks and sucks with zest, swallowing with a sticky smile. No heavy dialogue and dramatics impede the five fucks. King's cream-topped knockers and cock-full mouth are worth a look. Eric Price is a pretty funny, impotent Irishman, and the end credits have some wit as well. But going *Door to Door* doesn't go anywhere that hasn't been gone before. —W. H.

Ball: Who gives a shit?

Buttman: Take aim at Tyler's juicy crotch.

Raunch isn't raunchy enough.

RAUNCH 2

Three-Quarters Erect. Directed by Patti Rhodes; starring Racquel Darrian, Derrick Lane, Alice Springs, Brittany Stryker, Tiara, Joey Silvera, Jon Dough, Marc Wallace, Selena Steele and Jake Steed. Videocassette: *Coast to Coast*.

Some things never change—Brittany Stryker, for example. She was a dirty-blond slut a few years back when she took two dicks up her shitter simultaneously, and she's a slut today, taking a full load of Marc Wallace's bone whip directly upon her up-reaching face. The bitch's lashes are probably still stuck together. Selena Steele's another twat who'll never be anything but a hot-pussy hussy. Judging by her hyper-hydraulic hump of Jon Dough's crack-blasting bone, Steele's got no reason to change. Neither does director Patti Rhodes, a squint who's at her best parading nasty poon after nasty poon in a drill line of competent, credible carnality. —C. S.

THE BEST OF BUTTMAN

Half Erect. Directed by John Stagliano; starring Trixie Tyler, Angela Summers, Tianna, Lauren Brice, Tracey Adams, Bella Donna, Candy, Cheri Taylor, Fefe Bardot, Sabrina Dawn, Kathleen Jentry, Brandy Alexandre, Heather Torrance, Champagne and John Stagliano. Videocassette: *Evil Angel*.

Stagliano enjoys his work like no other porn director. His compilation tapes are collections of prized clips from his personal video library. Porn's rear-end specialist splices up *The Best of Buttman* with behind-the-behind anecdotes and a couple of new, specially shot sequences. One features the juicy crotch of Trixie Tyler, a dirty-blond spread who handles a butt plug like her car seat is equipped with one. But even Stagliano can't overcome a compilation tape's inherent lack of intensity—and the overall effect is a general firmness but no full-fledged blast-off. —M. O.

TAILGATE PARTY

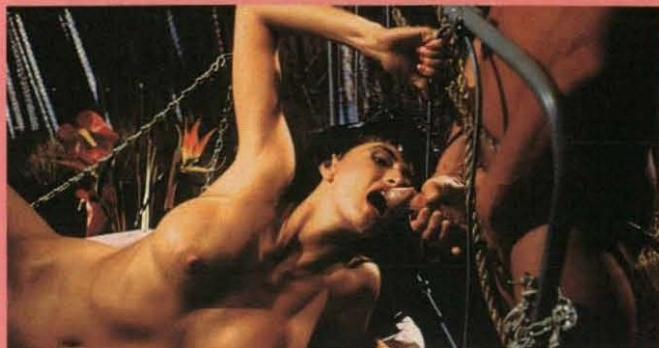

Three-Quarters Erect. Directed by Charlie Diamond; starring Raven Richards, Joey Silvera, Wayne Summers, Tom Byron, Tara Heart, Stacey Nichols, Rustie Rhodes, Mercedes and Blake West. Videocassette: *Hollywood Video*.

Cheapo, unadorned porn sometimes proves to be the perfect pecker perker-upper. *Tailgate Party*, an oral extravaganza, should have been called *Prick Parties in Your Mouth*. No lavish production, no deft plotting, no ultra-glam gash, just spunk-starved sluts who savor and swallow stud goo as it splashes across their sexy smiles. Dig depraved, footballin' dolls draining dicks dry? It's time to Party! —W. H.

PARTY DOLL A GO-GO

Half Erect. Directed by Rinse Dream; starring Jeanna Fine, Tianna, Raven, Bionca, Patricia Kennedy, Madison, Nikki Wilde, Randy Spears, Tom Byron and Peter North. Videocassette: *VCA*.

"Take a number," Patricia Kennedy advises. "You're at Party Doll a Go-Go." Jeanna Fine wants to know if bad girls are invited, and of course they are, along with off-kilter camera angles, psycho-babble and an artsy-fartsy atmosphere better suited to coffee-house performance art than to a hard-core sex video that caters to home wankers. The sex, and there's a lot of it, is deliberately staged at a distance and is used more as a means of getting across the director's philosophy than as erotic enhancement. The party looks good—not good enough to get off, but good enough to get a twisted, erotic hum in the crotch. —M. O.

It's a strange Party.

The sex ain't nothing *Serious*.

NOTHING SERIOUS

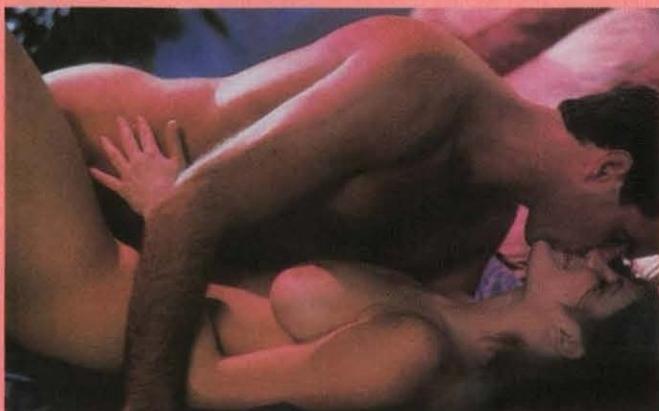

Half Erect. Directed by Scotty Fox; starring Alice Springs, Joey Silvera, Jennifer Rose, Barbara Wood, Alicyn Sterling and Micky Ray. Videocassette: Executive Video.

This routine stroker revolves around the casting of sexual spells, using Ken and Barbie dolls as hoodoo charms. Production values are just as stupid. As for the fucking: Ample Aussie Alice Springs laps up Joey Silvera's jizz, and a tall, blond witch jerks Micky Ray off on her cheeks and lips, her smile twisted into a sensuous sneer as she tongue-swabs his sticky wicket spotless. The rest of the sex is nothing serious.

—W. H.

Twisted will tie a dick in a knot.

The *X Factor* is love.

HAWAIIAN SLUT

A cock-hungry cum bunny who loves eating pussy, Island girl Leilani is a throwback to a time when porn queens were real sluts, not

mercenary plastic princesses. She's wild on the set, fucking at the drop of a zipper—and not just in front of the camera. "I like sex," she says, "and want everyone to know it." For sure, watch *Caught From Behind 14*, *Young Buns and Old Guns* and a soon-to-be-released gangbang in which she takes on ten guys.

ALOHA.

TWISTED

Three-Quarters Erect. Directed by Paul Thomas; starring Christy Canyon, T. T. Boy, Joey Silvera and Tara Heart. Videocassette: Vivid.

Canyon is red-hot as a married woman attracted to co-worker T. T. Boy, who is striving to remain faithful to his fiancee. Canyon's mouth is stuffed with dick for most of the story, only taking it out to jerk it off or put it in her cunt, and her scenes with Boy are filthy art, with the camera eye-sculpting her exquisite body. Drawbacks: Canyon gets completely naked only once (for a nonsex scene, at that); the obligatory lesbian and threeway scenes are beset by hokums; and two sex scenes feature internal cum-shots. *Twisted* leaves a dick in a knot.

—Augie Michaels

X FACTOR 2: THE NEXT GENERATION

Half Erect. Directed by Charles Grey; starring Heather Hart, Jon Dough, Eric Edwards, Tracey Adams, Marc Wallace, Gail Force, Buck Adams, Jamie Leigh, Taylor Wane, Raven Richards, Ron Jeremy and Jim South. Videocassette: Hollywood Video. Shot on Film.

It's refreshing to watch a porn movie with a heart, even though that heart doesn't pump much life into this ambitious story. Executive Eric Edwards struggles to come to grips with the death of his wife. The message is that love is the ultimate power. No argument with that, but low-energy direction and plot advancement interrupt potentially sizzling fucks, particularly when the camera leaves Dough and Hart to show Edwards contemplating suicide.

—M. O.

INFERNO

Three-Quarters Erect. Directed by F. J. Lincoln and Patti Rhodes; starring Teri Weigel, Joey Silvera, Ashley Nicole, Marc Wallice, Alicyn Sterling, Merril Magilo, April Rayne and Joey Murphy. Videocassette: X-citement Video.

There's no reason why the misfortune of a lapsed *Playboy* centerfold shouldn't be good news to connoisseurs of explicit video erotica. Teri Weigel may have started her rise to masturbation icon as a bunny-tail untoouchable, but she's more effective as a besmirched smut slut. So what if she refuses to open her eyes while her ripe-cherry lips are pierced by Marc

Nicole tries to put the heat to *Inferno*.

Wallice's dick—she winks her butthole as he mashes her ass cheeks and crams his rod into her slimy, pink slit. She takes his jizz on her washboard belly. She lets another chick give her some lesbo-lapping, she squats her miracle rump on a chump's gobbling chin, and she stands around naked acting like a cunt to Joey Silvera. Also, she's in a well-shot tape with a bunch of hard-working, dick-draining bitches. *Inferno* might represent a sort of hell for Weigel, but it's a piece of heaven for all of us.

—C. S.

SCREAM IN THE NIGHT

Three-Quarters Erect. Directed by Charlie Diamond; starring Sandra Scream, Ashlyn Gere, Amanda Stone, Woody Long, Randy West, Wayne Summers, Nikki Prince and Liz Golden. Videocassette: Coast to Coast.

Sandra Scream gets her name in the title and her mug on the box cover, but the real star of *Scream in the Night* is enigmatically erotic Amanda Stone. Stone, a soft-skin brunette with a coy smile and doe eyes, will never be confused with an actress, but she out-motivates Meryl Streep when a dick is in her mouth. She burns in two torrid scenes: a volcanic lesbofest with Liz Golden, and a hot-cum gurgle with Wayne Summers. Scream gets Nikki Prince off with energetic cunt-lapping, but her roll with Woody Long is a snooze. Mitigating factors: Prince takes it on the face from Summers, and Ashlyn Gere gets Randy West's wad on her lips.

—Buster Slade

HOT LETTERS

(continued from page 17)

I yanked her skirt up over her waist. "Where's your panties?" I asked. "Did you give them away to some crotch-sniffing dyke?"

I don't suffer shit off of anybody. Just because I eat a little pussy now and then doesn't make me a dyke. I've got a great body. Turning people on turns me on. I like sex, period.

When I needed a roommate to help pay rent at this condo I liked, I was happy to let a girl named Melinda move in, partly because she was gorgeous, and I liked her legs. I was honest enough to admit it. Why not? Maybe she'd dig the compliment. Turns out she didn't. After that, she teased me every chance she got, calling me a lesbian bitch.

Sometimes she wasn't teasing. Like I said, I've got a short fuse. One night, I came home a little drunk and made a friendly pass at her. She wasn't in a playful mood and almost spat in my face. "You sick, fucking dyke bitch!" She threw the insult and waited to see what I'd do about it. Melinda was the *real* bitch. If she didn't like living with me, why the hell hadn't she moved out already?

"You're really pushing it," I told her. "One day, you're going to get that ass-whipping you've been asking for."

"Oh, sure," she scoffed. "How many times have I heard that one?"

That tore it. Melinda just wasn't going to be happy until I put her over my knee. I grabbed for the bitch to take her down and got a fistful of her fine, blond hair. She kicked and scratched, but I grabbed her wrists and held her face down over my lap. "Would you care to apologize?" I asked, nice and soft. "No fucking way," she said. I couldn't believe my ears—the tone of her voice betrayed obvious, open desire. Melinda was the *real* lesbian bitch in the room! A kinky one at that. She left it up to me to gratify her weird-ass desire for a good spanking.

"I'm going to have to punish you," I snarled, to her immediate gratification. I yanked her skirt up over her waist, exposing her naked, white ass cheeks. "Where's your panties?" I asked. "Did you give them away to some crotch-sniffing dyke?" Rubbing my hand against her warm, quivering ass, I asked her again if she wanted to take back what she'd said.

"If you're not a goddamn lesbian," she replied smugly, "how come you're fondling my butt?"

I figured I'd just been invited to a kink party. I lifted my hand high and brought it down hard, connecting with Melinda's soft fanny with a loud, crisp smack that made her cheeks jiggle and blush a deep, erotic

pink. She kicked and tried to struggle free, but I held her tight.

"Take it back!" I demanded.

"Never!" she cried.

"Never" lasted about 25 or 30 more spanks. By that time her butt was a splotchy red that looked like wildfire. I felt the heat burning off it each time I touched her. Finally, she whimpered, "You're not a dyke." I gave her a few more spanks. "Please!" she gasped. "I said I'm sorry!"

"Yeah," I told her, "but you didn't tell me who the *real* lesbian is."

She paused. I waited. "It's me," she whispered. I spanked her again, much harder than before. "I don't believe you," I said.

"Then I'll prove it to you!" she cried. "Let me get down on my knees and lick out your cunt!"

I rolled her off my lap and shimmied out of my jeans. Melinda knelt in the space between my spread legs. She sneaked her hand down the cleft of her pussy. The horny slut actually started to play with herself as she prepared to go

down on me! She stuck out her tongue as far as it could go. It was fat, long and pink and seemed determined to squirm its way into all my secret places. My knobby clit twitched like a fighting fish on a hook at the touch of its hot flicking. I pressed my cunt roughly against her face. Her nose snuffled into my muff as she inhaled the musk of my impending come. Her tongue snaked halfway up my cunthole. The bitch could actually fuck me with her mouth. Her oral tool was more agile than any dick, and it was infinitely more flexible than a finger.

When I finally splashed her face with cum water, I didn't bother to hold back my cries. I wanted to let the world know that Melinda, my supposedly straight-arrow roommate, with all her fussing and whining about lesbians, was tongue-fucking me so hard, she was giving me the world's most frenzied orgasm.

Sometimes, enemies are better than friends. My cunt melts like ice cream on a summer sidewalk each time I think of Melinda's bitch-cake fanny twitching under my hard hand until she's ready to lick me again.

THE JOHNSONS

BY MATT NIGROEN

Fear and hypocrisy have repressed sexual awareness, leading to the ignorance that spreads disease and creates violence, in addition to hindering our natural enjoyment of sex. This series opens the door to current sexual knowledge and expression, and improved love making.

AC/DC MENU: A '90s WOMAN EATS HER FILL

BY JORIE ROSE

Melissa, a real-estate agent in her 30s, had the hour-glass figure of a girl in her prime. Golden-blond hair tumbled across her white shoulders. She didn't own a single outfit that didn't show off her full, firm breasts. Sex with her husband, Joe, an electrical engineer, had always been terrific, but almost every night since their courtship, Joe had expressed a desire to bed down with Melissa and another woman. Reluctant to entertain the idea at first, his constant prodding and stiff-dicked enthusiasm finally aroused her curiosity. Melissa began checking out passing skirts for a fuckmate to join her and Joe. The problem? Melissa wasn't a dyke, and the idea of contacting a sex service didn't turn her on. The plain, naked truth was that, although she was a woman of the '90s, she needed help to be a '90s woman. Fortunately, with guts and a few basic womanly instincts, she found all the help she needed tucked inside her own brain and inquisitive muff.

The '90s woman has bedmate choices far beyond those of her foremothers. Melissa discovered that a night with both sexes was like a good meal accompanied by fine wine. Ready to eat out more often, and more openly? Consider a few items on her dual-gender menu. *Vive la différence!*

APPETIZERS: APPROACH AND FLIRTATION

After months of girlwatching without a spark of interest, Melissa met

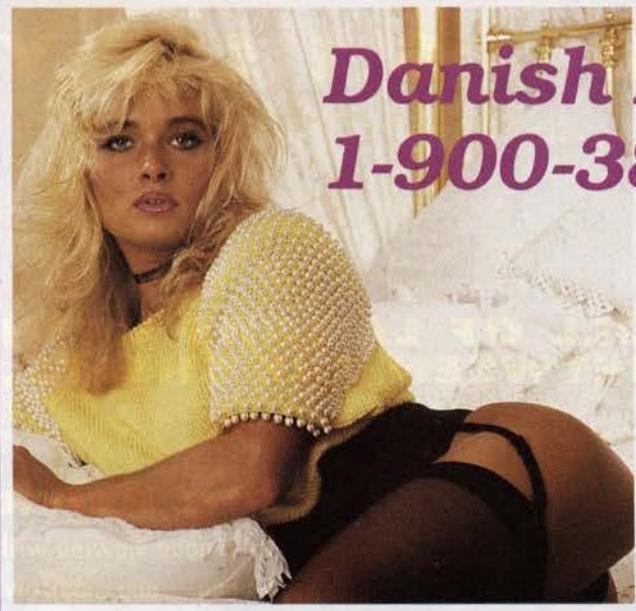

a woman she liked at a real-estate convention and decided to try her damnedest to get her in bed. The prospective young fuckmate was a slender, long-legged brunette, just out of college, with large, beautiful lips and honest, intelligent blue eyes. Her name was Cheryl. She found Melissa's business knowledge impressive and clearly admired her trim figure and ample bust-line. It was years since Melissa dated. She'd never approached a woman romantically. How to begin? Her hungry crotch said, "Ask her to fuck," but her womanly instincts knew better. She started with the oldest trick in the book: harmless flattery. Not many young businesswomen showed the kind of determination as Cheryl, she said—fewer still had such lovely skin and eyes.

Mutual flirtation is casual sex at its best. A line that is not a line is just the ticket. Most women understand this implicitly. What better way to break the ice? Melissa's words of praise were honey to Cheryl's pretty, young ears. Both women liked one another enough to make plans to meet the next day for lunch. After that, it was shopping, and then a trip to the spa together for manicures and massage. In the close, health-club steam room, the smell of women's bodies mingled in the hot, moist air with an unavoidable fragrance of sex. There was no more perfect setting for an exploration of provocative desire.

Casual touch is the litmus test for initial impressions. Melissa hesitated at this crucial juncture. Would she get a clammy feeling, or a nice electric shock? A hand playing a moment longer than necessary, a brushing motion that slows to a curious caress—all obvious signs of further interest. If the chosen one doesn't indicate an aversion to the proceedings, it's an invitation to more—much more.

Cheryl admired Melissa's blond hair and ventured to stroke it. Melissa in turn complimented Cheryl's clear complexion and put her hand on her cheek. Cheryl didn't object. Melissa gently brushed her palm along her smooth jawline and withdrew her hand only after tenderly outlining Cheryl's full lips with her fingertips. Cheryl was flattered and not at all annoyed. Both women felt a sensation like an electrical current zapping the parameters of their nipples, which immediately swelled like fat rosebuds. Naked except for towels wrapped around the curves of their hips, both women could clearly detect the hard-nippled result of Melissa's gentle flirtation. Two simple gestures had communicated a world of desire. At this point, Melissa was content to let things rest. Timing was involved, as well as spontaneity. If Cheryl had backed off, Melissa would have let sleeping dogs lie. As it was, her preliminary touch laid the groundwork for the ultimate score.

MEALTIME CONVERSATION

A verbal exchange geared to inviting a young woman to spend the night with a married lady and her spouse is especially tricky when both women are uninitiated in the rites of labes-to-labes lovemaking. Somewhere between lots of lip and no talk is best. When it comes to proffering a bedroom, brevity's the key.

One afternoon over a fancy lunch at an exclusive restaurant, after the conversation had turned to an earnest discussion of men and romance, a bottle of good wine had encouraged both women to titillate each other with honest, open talk. Melissa shyly inquired about Cheryl's secret desires: Was there any sexual adventure she had yet to fulfill? Her tone was soft, not threatening. Cheryl whispered, "Why do you ask?" Blushing, Melissa admitted her reason—that she found Cheryl incredibly attractive and interesting and wanted to share her vibrant sexuality with her husband. Cheryl's eyes popped with surprise, and Melissa quickly apologized and begged her to forget the whole thing. "Don't be so quick," said Cheryl after a moment of silence in which Melissa was certain her heart had stopped beating. Cheryl regarded her with a frank, calculated grin, and added, "If it were you alone, I'd agree right away. But how can you ask me to fuck a man I've never met?"

Melissa couldn't believe her ears. She'd taken a risk, and it'd paid off. She felt an urge to take Cheryl in her arms right there in the restaurant and slide her grateful tongue between her gorgeous, sensuous lips. Shivering with excitement and anticipation, she invited Cheryl to dinner that Friday night. Cheryl would meet Joe, and if he didn't turn her on, they would call the whole thing off, or arrange to meet someplace else, just the two of them.

GOING ALL THE WAY: THE MAIN COURSE

Because women are already familiar with one another's bodies, feminine foreplay can last hours without boredom or impatience. In fact, some women are perfectly happy going only this far with each other. Heavy petting, undressing each other and looking for soft spots, is a pleasurable way to proceed. From that point on, anything goes.

From the moment she laid eyes on Joe, Cheryl knew she'd be spending the night, but there was a moment of awkwardness when they all three hit the bed. Even the bountiful wine couldn't smooth it over. The sight and smell of two beautiful women ready for an evening of sex play had Joe redder and stiffer than three or four men put together. He was so excited by his lifelong fantasy coming true that he couldn't help masturbating, putting on a show, stretching his cock to its utmost. Watching Joe masturbate always turned Melissa on. The temptation to join in or hop atop his hard meat was excruciating. Often he masturbated her, and while he didn't have the gift of gold-

en fingers, he was inventive and patient. She'd lie on her belly, and with the senses of sight, smell and taste removed, she'd shut her eyes and concentrate completely on the little waltz between her legs.

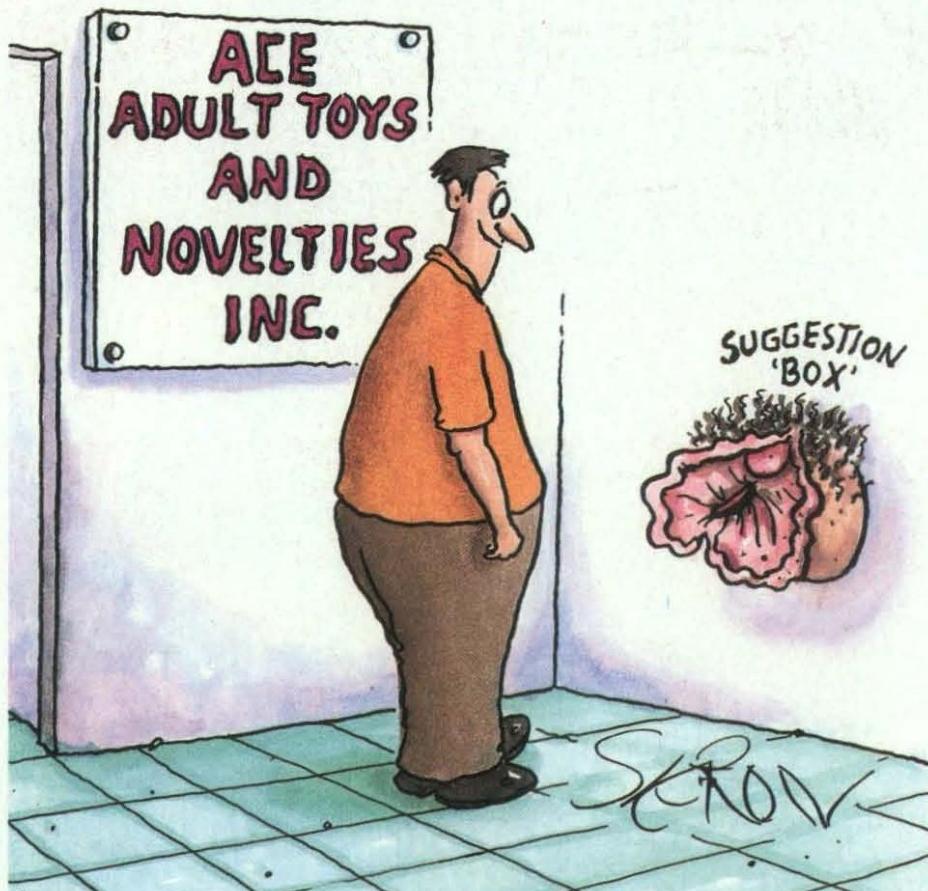

Cheryl knew not only how, but what, where and when. With two expert fingers, she rolled Melissa's clitoral pearl down its silky alley, shooting for that gush, spreading her thighs wider ever so gently. Control is less often an issue with physical equals. Two women together utilize an intuitive sense of each other's limits, likes and dislikes. Without thinking about the maneuver, Melissa wriggled under Cheryl until she felt her soft, fragrant muff against her chin.

Tongues can take many shapes, and touch with an amazing variety of pressures, no matter what sex organs they're applied to. Melissa had always imagined this moment with a feeling of strangeness, and she discovered with surprise that touching another woman came completely naturally to her. Men had the advantage of full-on beards or ordinary, scratchy stubble; a rough chin and jaw messng around down there could be undeniably sexy. Some lovers use their teeth during cunnilingus with such delicate skill that it's art. Without a moment's experience pleasing a woman's snatch, Melissa knew one thing instinctively: If she sucked on Cheryl's clit, in and out like a little rod that was fucking her face, she'd send her to the ceiling. When Cheryl returned the favor, Joe was ecstatic to see what he'd dreamed of in his most ball-splitting comes: two women in the throes of such intense sexual awakening that their arched backs lifted a foot off the bed.

Melissa quickly realized that a female sex partner knew where to go to work and when. With firsthand knowledge of the incredible variety of feminine orgasm centers, Cheryl played Melissa's body like an orgasmic musical instrument, eliciting vocalizations from soft moans to choking screams, moving from slit to clit to tit and back again. As much in awe of their sexual complicity as feeling that it would be a crime to interrupt, at last Joe felt welcome between their glistening bodies. He had never known Melissa to be so hot, so receptive to his touch. With more hard nipples than he could suck and too much muff to finger, he shot the first of many scalding loads that evening deep inside Melissa's bucking, rocking-horse cunt.

THE WELL-EARNED DESSERT

Whereas orgasm tends to tire a man, women are often energized by it and become wide awake and act silly, fix food or do the laundry after sex. For two women, the time after orgasm is an emotional experience comparable to no other in variety and intensity. Joe cradled Cheryl and Melissa in his arms late into the morning, quivering with pleasure as they continued to stroke his hairy balls and chest. He, too, realized that orgasm is simply the most obvious sexual sensation—not necessarily the best, or most pleasurable. He loved Melissa more than ever before, and in this bond of trust, Melissa felt more aware of her sexuality, hungrier still for the smorgasbord of sexual adventures that awaits the resourceful '90s woman. As she discovered firsthand, life's a banquet; it's a crime to leave the table hungry. Bon appétit!

KILL Their Own

Report by
Larry Witchman

From the maternal
instinct springs the
mother's milk of
loving, nurturing
and, sometimes,
murder.

KILLER MOMS

Alba's mother hog-tied her with shoelaces and repeatedly struck her with a broom handle while the girl's younger sister looked on in horror.

On August 28, 1987, 38-year-old Nila Wacaser of Kansas City, Missouri, drove her sons Jeremy, 11, and Eric, eight, to a motel on the north side of town. En route, she told the boys they were all going to "do something different" and spend the night away from home. What she didn't tell them was that she'd packed a change of clothes and a butcher knife in her overnight bag.

Registering under a phony name, Wacaser insisted on a back room, which she paid for in cash. After waiting for her boys to fall asleep, she brutally stabbed them to death in what Platte County Circuit Judge John Yeaman would later call a "wantonly vile, horrible and inhuman" act.

The blood-soaked crime scene left the most seasoned homicide detectives visibly shaken. Eleven-year-old Jeremy had received 39 stab wounds to the chest. His younger brother, Eric, whose murder had been interrupted when Jeremy came to his defense, had been stabbed 15 times. Both boys had suffered additional "defensive wounds" while fending off their deranged mom.

At her trial, Nila Wacaser pleaded temporary insanity and testified that she'd gone

crazy after learning she'd lost custody of the children to her former husband. Defense psychiatrists claimed Wacaser had killed her sons while in a "disassociative state" of unreality brought on by stress. As defense counsel Dan Miller told the court: "She wasn't all there."

At the end of the five-day trial, a Platte County, Missouri, jury found Nila Wacaser guilty of first-degree murder, for which she was sentenced to death.

* * *

Most mothers who murder their children never even become suspects. Each year, hundreds of dead newborns are found in trash bins and alleys nationwide. The mothers who've abandoned them go unidentified and unpunished. Countless homicidal moms go free because it's impossible to differentiate between an infant fatality caused by suffocation with a pillow and one due to Sudden Infant Death Syndrome (SIDS), or crib death.

Even if the murder is discovered, for a first offense a mother is likely to receive only a token prison term. In some cases, the punishment amounts to no more than mandatory outpatient psychiatric care.

Society remains convinced that no mother

in her right mind is capable of killing her baby. By contrast, a father charged with infanticide is assumed guilty until proven innocent.

Take the case of Navidad Flores, a 28-year-old Salvadoran refugee living in Los Angeles, who, along with her live-in boyfriend, Alejandro Lara, was charged with the 1989 torture-killing of her eight-year-old daughter, Alba. In separate trials, Mr. Lara was found guilty of committing lewd acts upon a child, child abuse and murder. Mrs. Flores was convicted only of child abuse.

The child's nude, sexually molested and battered body was discovered in a San Pedro, California, park on the morning of May 11, 1989. It had been doused with gasoline and set on fire. When police arrived, the flesh was still smoldering.

An autopsy revealed that Alba had been the victim of prolonged sexual and physical abuse. The girl had two broken arms, massive head injuries and bruised lungs. She'd been violently raped and sodomized.

According to testimony given at the trials, Alba's last hours had been a living nightmare. The beatings, which prosecutors believe both Flores and Lara participated in equally, began after the eight-year-old refused to take a bath. Alba was dragged into the bathroom, where her mother hog-tied her with shoelaces and repeatedly struck her with a broom handle while the girl's younger sister looked on in horror.

The child was systematically beaten and raped by Navidad and her boyfriend for several hours. The attack was so violent that police later found traces of Alba's blood on the bathroom walls, tub and drapes.

Sometime near midnight the lethal blow was struck. Realizing Alba was dead, the pair put her limp body in a plastic garbage bag and stuffed it in the trunk of Alejandro's car. Then the whole family—including Navidad's two other children—drove to the deserted park, where Alba's remains were torched in an attempt to disguise her identity.

For his part in the crime, Lara was given a prison sentence of 42 years to life. Navidad Flores, on the other hand, will be eligible for parole in 1992.

In our society, fathers aren't supposed to be nice guys. They're the ones who lay down the law and whose wrath we fear as children. Even Abraham was ready to sacrifice his son.

But our mothers? Murderers? We're taught there's a sacred bond between mother and child. How could a woman who experiences the miracle of giving birth be capable of taking that life? It happens all the time.

Mothers have murdered their kids out of nothing more than greed. In April of 1987, Frances Newton, 22, of Houston, Texas, gunned down her husband and two children to collect \$100,000 in life insurance—which she intended to share with her new boyfriend.

When police arrived at the Newtons'

northside apartment on the night of April 4, they found the body of husband Adrian Newton, 23, lying on the living-room couch. He'd been shot in the head as he slept. Frances's two children, seven-year-old Alton and 21-month-old Farrah, were found in a nearby bedroom. Both had been shot in the heart.

Mrs. Newton told detectives that she'd left the apartment for an hour and found the bodies upon her return. This was partially true. After murdering her family with her boyfriend's .25-caliber pistol, she'd driven ten miles to her mother's house and stashed the weapon in a burned-out building next door.

Newton's cousin, who'd seen her hide the gun, telephoned police upon hearing about the murders. The weapon had Newton's prints all over it. Bullets fired from the pistol matched those taken from the bodies.

Twenty-one days earlier, Newton had taken out a pair of \$50,000 life-insurance policies on her husband and infant daughter. She'd named herself beneficiary.

A Harris County jury took only two hours to find Frances Newton guilty of the three murders. It took them less than an hour to decide her sentence: death by lethal injection.

"The dead kids got us the death penalty," defense counsel Ron Mock admitted after talking to jurors. "The jury felt killing them was inexcusable." The lawyer added that the trial might have ended differently had Mrs. Newton simply killed her husband.

The outcome might also have been different had the woman only killed her children. In Brighton, Illinois, where state law mandates either death or life in prison without parole in multiple killings, 28-year-old Tammy Eveans, who murdered three infants over a two-year period, was allowed to plead guilty for a reduced sentence of 20 years in prison.

Tammy Eveans's private murder spree began in September 1987, when seven-week-old Robert Eveans died of meningitis brought on by what the coroner would report to have been an accidental skull fracture.

Mrs. Eveans claimed the injury occurred when the child fell off the kitchen table, which medical experts now find difficult to accept. "Skull fractures don't occur from falling off tables," says St. Louis County medical examiner Dr. Mary Case. "You see that kind of injury in an automobile crash."

A year later, in September 1988, the cou-

ple lost a second child: 16-day-old Amy. Her autopsy, performed in a neighboring county, showed that the newborn had died in her crib of cardiorespiratory arrest resulting from a lack of oxygen. The coroner had no reason to suspect Tammy of any wrongdoing and reported that the newborn had died as a result of crib death.

Then came the death of three-year-old Ricky, who was murdered on his birthday in July 1989. Tammy killed him by holding her hand over his mouth until he stopped breathing. According to the woman's ten-year-old stepdaughter, who was visiting that day, moments before suffocating the child, Tammy screamed, "You're going to die!"

This time, the autopsy revealed red marks on the boy's face and eyes, and cuts under his upper lip. To Chief Deputy Coroner Ralph Baahlmann of Madison County, it was evidence of murder.

During a dramatic jailhouse confession following her arrest, Tammy told her husband she was guilty of all three murders. She even admitted that while suffocating Ricky, she'd watched him looking up at her with pleading eyes that were saying, "Help me, Mommy!"

The story Mrs. Eveans told police was quite different. She said she had accidentally smothered the boy while dreaming of killing a man she claimed had raped her years before. Although investigators were unable to substantiate the rape, prosecutors felt the story might have resulted in a jury finding in favor of voluntary manslaughter. They took what they could get and gave Tammy a mere 20 years in return.

* * *

At the same time Tammy Eveans was killing her three kids, a second Brighton, Illinois, mother—26-year-old Paula Sims—was committing multiple child murders of her own. The slayings were a chilling coincidence for a rural community of 2,000.

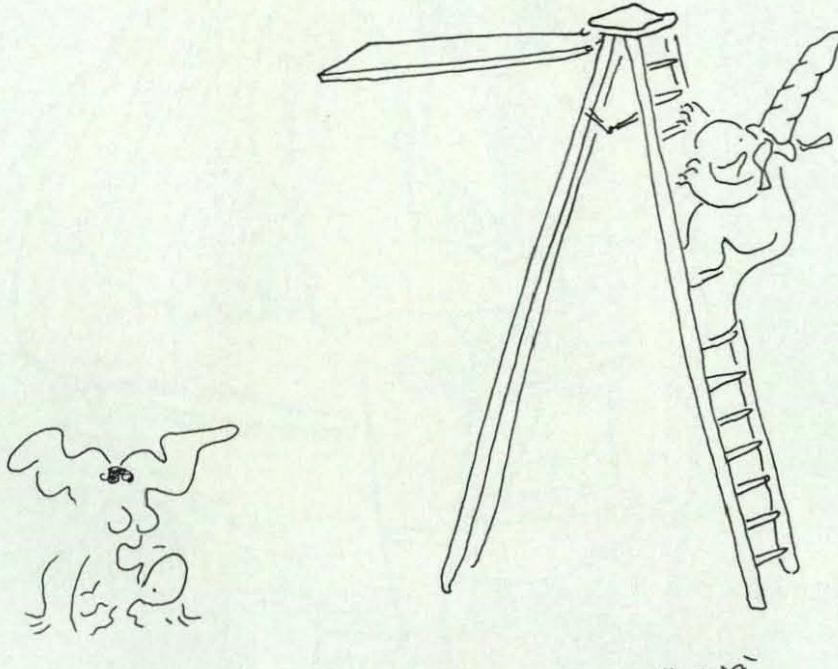

Paula Sims's first victim was her 13-day-old daughter, Loralei Marie, who died in July 1986. Authorities believe the woman killed the infant while her husband, Robert, was working the night shift, and that she disposed of the body before he got home.

When Sims called police, she told them that the child had been kidnapped by a masked gunman who had surprised her while she was watching TV. She claimed the man had made her lie on the floor and then had fled with the infant.

Loralei's mangled remains were found a week later, 150 feet from the Sims's home. The baby's flesh had been eaten by raccoons, making it impossible to determine the cause of death. Murder charges were never filed.

Sims used the same alibi three years later in a neighboring community. On April 29, 1989, after suffocating her six-week-old daughter, Heather, Paula informed Alton, Illi-

nois, police that her child had been abducted by a masked gunman who'd approached her while she was taking out the garbage.

The child's body, which prosecutors believe Paula stored in her freezer chest until it could be disposed of, was found in a trash can on the banks of the Mississippi River five days later.

Although jurors quickly found the mother guilty of first-degree murder, they chose not to impose the death penalty. Instead, the panel suggested Mrs. Sims be sentenced to life in prison without parole on the off chance she might implicate her husband in the killings.

While some authorities suspect Robert Sims of complicity in Heather's death, evidence suggests he is guilty of nothing more than choosing the wrong wife.

A controversial new development in murderous moms has been the postpartum-psychosis defense, which allows women who've killed their newborn infants to plead not guilty by reason of hormone-induced insanity.

Postpartum psychosis is thought to be a severe form of "baby blues." Researchers estimate the disease hits three out of every 1,000

new mothers, causing severe anxiety, irritability, delusions and outbursts of violence.

This rare disorder, legally recognized by a handful of states, is the focus of numerous judicial appeals. One infamous test case occurred in Anaheim, California, where 24-year-old Sheryl Massip was charged with murdering her newborn son, Michael, by running over him with the family car.

According to court testimony, soon after Michael's birth in March 1987, the infant developed colic and began to cry day and night. In turn, Massip allegedly began to suffer hallucinations. She heard voices telling her to "put him out of his misery." She said she was unable to eat or sleep and could hear the child crying even when she was away from him.

On April 29, the day of her 23rd birthday, Sheryl Massip's patience—and sanity—ran out. In a fit of rage, the mother threw her six-week-old child into the path of oncoming traffic and watched in frustration as cars swerved out of the way.

After retrieving Michael from the street, she bashed the infant over the head and placed him behind the rear tire of the family Volvo. She backed the car up and drove for-

ward, running over the baby twice. Afterward, she dumped his crushed and bloody flesh in a garbage can near her home.

Although Massip told police that the child had been snatched from her arms by a gun-toting, redhead mystery woman, when Sheryl's husband, Alfredo, arrived at the police station, she broke down and confessed.

Alfredo would later testify: "She told me, 'I killed my baby; I killed my baby—tell them that I am a murderer!'"

San Francisco psychiatrist James Hamilton, a recognized expert on postpartum depression, said he believed that Massip's was an extreme but classic case of a young mother who snaps after showing no previous signs of psychotic behavior. "She was living a walking nightmare," he stated under oath. "She acted as one might expect a zombie to react."

The jury was not sympathetic. After deliberating for seven days, the panel rejected Massip's insanity plea and found her guilty of second-degree murder.

But in an action previously unheard of in California courts, the judge threw out the jury's guilty verdict and acquitted Mrs. Massip, ruling that at the time of the killing she was temporarily insane. "I didn't have any choice," Superior Court Judge Robert Fitzgerald later explained. "She was bonkers."

The judge then allowed Sheryl to forego the customary period of confinement in a psychiatric ward—which could have kept the woman institutionalized for up to 11 years. The judge merely ordered her to undergo outpatient hormone treatments and to attend twice-a-week therapy sessions at a county mental-health facility.

Sheryl Massip has since remarried. Should she bare her new husband a child, experts believe there is up to an 84% chance that the psychosis will recur.

When Bob Butterworth's ex-wife of ten years shot and killed the couple's 16-year-old son, Bobby, and then herself, it wasn't due to a hormonal imbalance. It was an act of pure spite. The 1986 murder-suicide, ending a bitter child-custody dispute, occurred on the eve of Butterworth's election to the office of State Attorney General of Florida. At the time, Butterworth was giving a campaign speech. The bodies were found in a phone booth nearby.

Mother-child murder-suicides are alarmingly common. In most cases, a mother finds herself so deeply depressed that she kills herself—and spares her kids a lifetime of pain by taking them with her.

Consider the horror-filled last moments of Ophilia Yip's four children, who died when their mom drove the family mini-van into the Los Angeles Harbor.

At 7 p.m. on January 22, 1991, Yip, a 34-year-old Chinese immigrant, pulled the van into a parking area near Berth 68 in San

The Christic Institute Tackles the Secret Team

CHRISTIC

The Institute, depending on who's asking, is either a group of "courageous men and women working to expose the truth" or "legal terrorists."

November 1974: Karen Silkwood, a 28-year-old nuclear-refinery worker, dies in a car accident. The Silkwood family sues Karen's employer, Kerr-McGee Nuclear Corporation, holding them responsible for Karen's contamination by radioactive plutonium. Enter the Christic Institute, a legal-watchdog group headed by General Counsel Daniel Sheehan. Sheehan theorizes that Silkwood was killed because she had stumbled onto the clandestine theft of nuclear fuel. At the time of her death, Silkwood was driving to a meeting with *New York Times* reporter David Burnham, who doubts she was murdered. "I find it impossible to believe that the board of directors [of Kerr-McGee] sat down and said, 'We're going to kill this girl.'"

Still, the Christics won a \$1.38 million settlement in 1986 for Karen's family.

November 1979: A death squad organized by the American Nazi Party and the Ku Klux Klan murders five demonstrators during an anti-Klan rally in Greensboro, North Carolina. In two trials, all-white North Carolina juries refuse to convict members of the death squad on criminal

charges. The Christic Institute organizes a Greensboro fund in 1983 and wins a verdict against five of the assailants and two police officers, a rare instance of a Southern court deciding against law-enforcement officials accused of collusion with Klan violence.

May 1984: A bomb explodes during a press conference at the jungle outpost of Contra commander Eden Pastora in La Penca, Nicaragua. The explosion kills eight people and wounds two dozen others. Tony Avirgan, an ABC news cameraman, is one of the injured. He and his journalist wife, Martha Honey, begin an investigation into the bombing. They publish their findings in *La Penca, Pastora, the Press and the CIA*, alleging the bombing was an attempt by ex-CIA operatives to assassinate Pastora. The journalists charge that the assassination attempt also involved a group of U.S. Contra supporters who backed a separate CIA-supported Contra faction that Pastora would not join. Avirgan and Honey speculate that this group wanted the bombing to appear like an assassination by the Sandinistas.

Avirgan and Honey ask the Christic In-

stitute to represent them in a federal lawsuit against the individuals responsible for the La Penca bombing. Danny Sheehan has been hearing stories from his network about a group smuggling U.S. weapons to the Contras and "a young lieutenant colonel by the name of Oliver North [who] was functioning through a private citizen to be liaison to the private smuggling systems." Theories of a "Secret Team" of ex-CIA, U.S. and Cuban mercenaries and American government officials smuggling drugs for guns arise from the investigation. A civil lawsuit, *Avirgan v. Hull*, is filed in May 1986, naming 29 defendants.

November 1990: *Houston Post* reporter Peter Brewton uncovers evidence that covert operatives and drug traffickers exploited dozens of savings and loans to launder funds destined for the illegal Contra war. The Christic Institute demands an investigation into the allegations that the Secret Team jumped aboard the savings-and-loan boom opened by Reagan's deregulation of those institutions.

* * *

The Christic Institute, depending on who's asking, is either a group of "courageous men and women working to expose the truth" or "legal terrorists." Formed in 1980 by public-interest lawyer Daniel Sheehan, activist Sara Nelson and investigator Reverend William J. Davis, the Christic Institute is at bottom a nonprofit, public-interest law firm. Today, a team of 40 professionals and 70,000 supporters nationwide make up the organization.

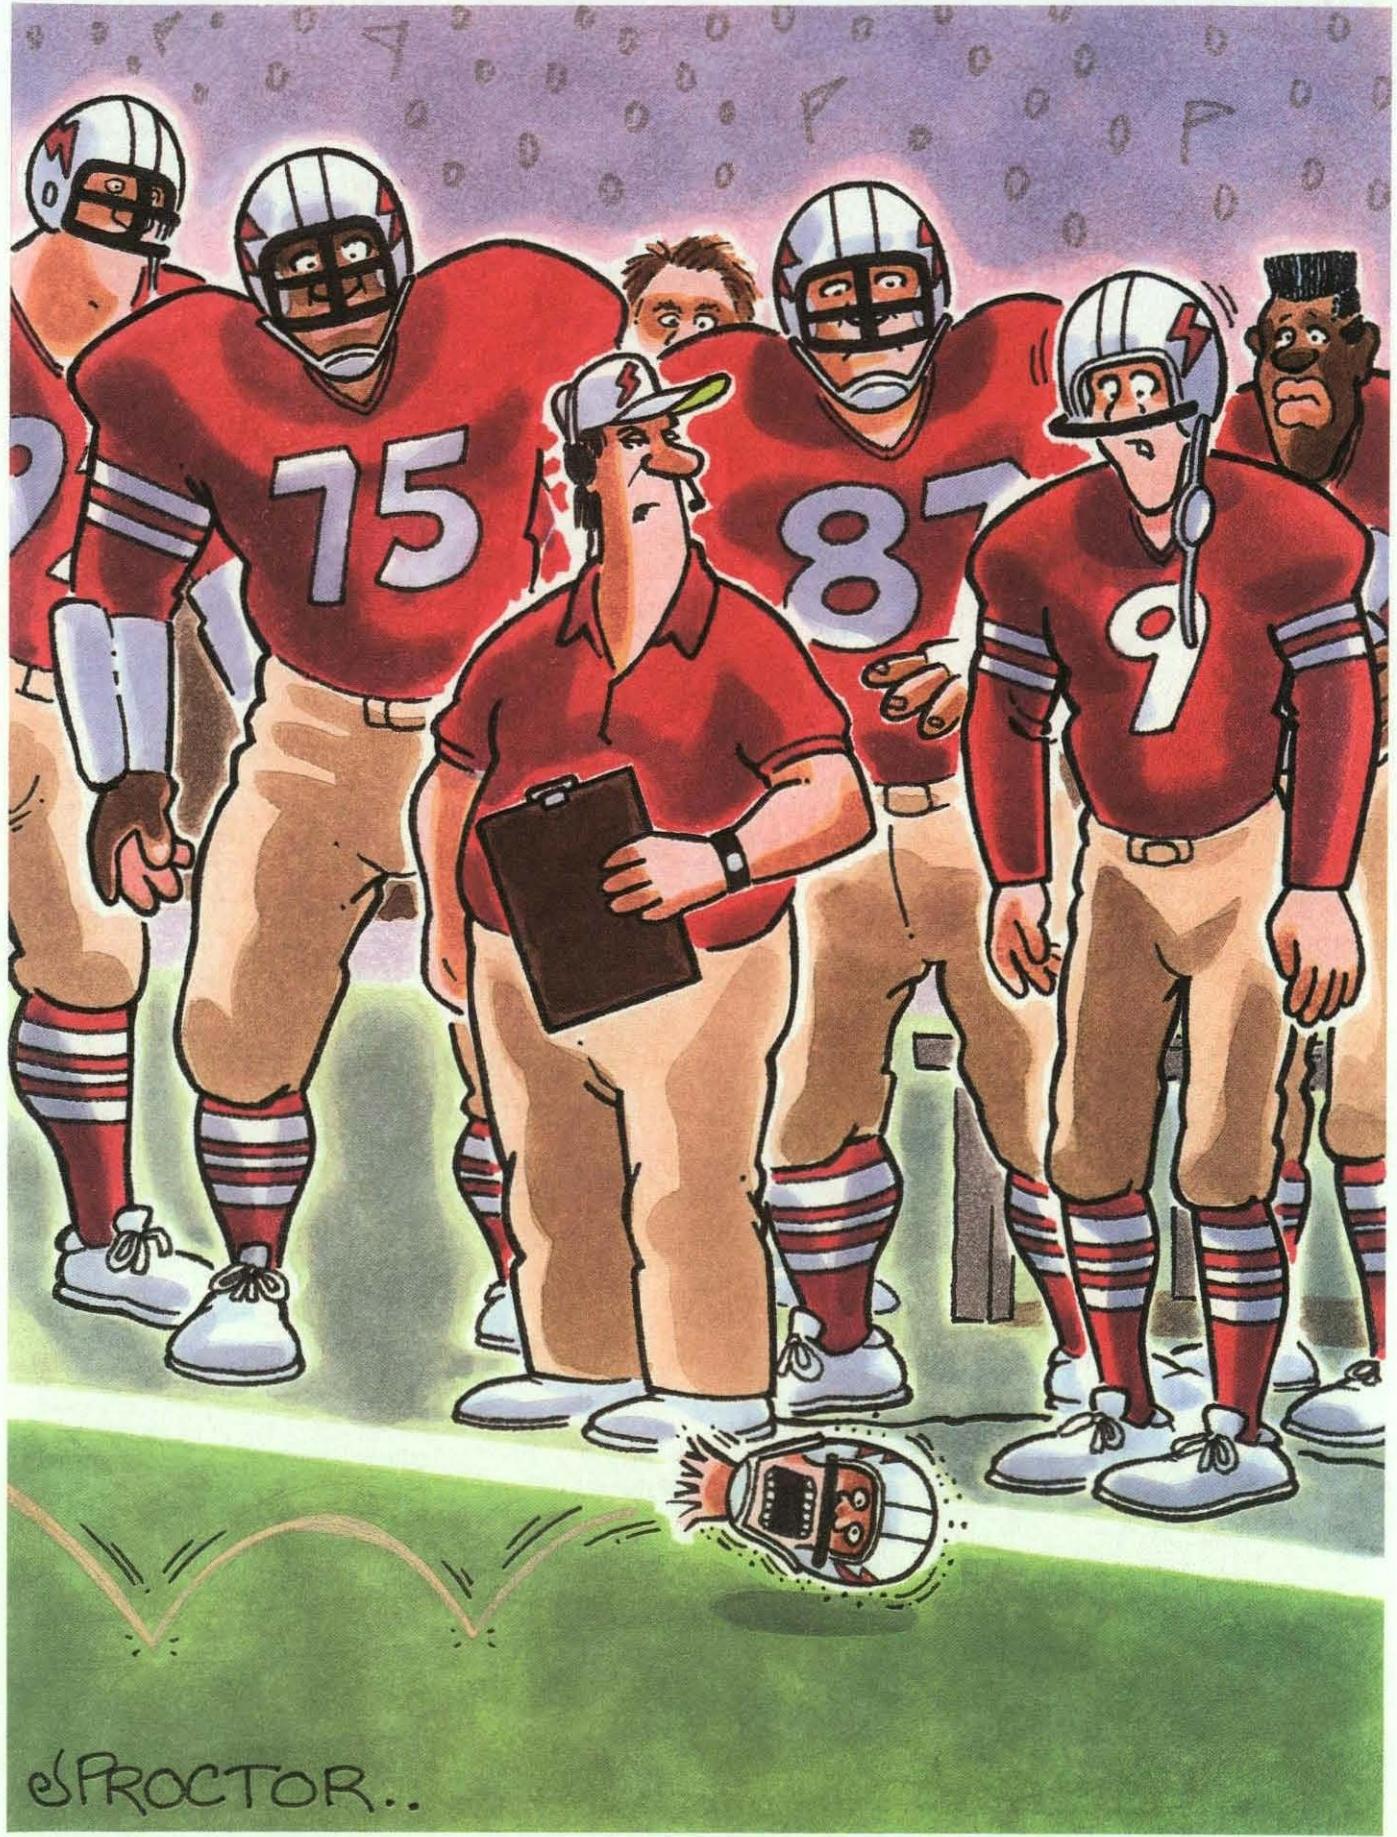

In *Legal Terrorism: The Truth About the Christic Institute*, Dr. Susan Huck depicts the defendants of *Avirgan v. Hull* as "victims of a political vendetta fueled by a tax-free foundation and church money, with a big boost from the mass media." Huck defines legal terrorism as "a form of political warfare...the object is to set a political agenda via the courts." Huck accuses the Christics of being the primary practitioner, since "these false claims forced people to put their lives on hold, to hear themselves vilified in the media, and to defend their rights at great cost."

Additionally, Huck charges that the Christic Institute's motive is to "punish vigorous opposition to Communism." Apparently, as late as 1989 when her book was published, Huck was losing sleep over a possible Bolshevik attack. Huck laments that while "the rest of the world aches and cries for the opportunity to rid itself of Communist rule, certain citizens of the freest society on earth bend every effort to preserving and extending that rule."

In the past, the Christic Institute relied heavily on donations from religious groups. Father Pierre Teilhard de Chardin (1881-1955), a Jesuit philosopher, used the term

"Fire in the hole!"

"Carmichael, go in for Dudley...."

CHRISTIC

Unverifiable facts are a recurring weak point in the Christic attack. Witnesses deny statements, mysteriously disappear or are assassinated.

Christic to describe the spiritual energy in the universe that draws creation toward a future unity. Reverend Davis, one of the Institute's founders, says, "Our choice of *Christic* was deliberate. On one hand, it expresses our commitment to spiritual values in society and government. On the other, it distinguishes us from the pressure groups of the religious right who misuse the words *moral* and *Christian* as banners for intolerance and ideological extremism."

Having "spiritual values," the group can claim nonprofit status. After the Iran-Contra dealings were made public, the Christic's La Penca case gained national attention. Proof that the U.S. government was dealing arms to fund the Contra war effort brought a legitimacy to the La Penca allegations, and financial support streamed in.

The Christics rake in almost \$60,000 a week, 70% of it from direct-mail and other solicitations from private citizens. (Contributions are tax-deductible.) On a popular front, the Christics have been helped by the ubiquitous Rock Star Benefit Concert, one proven way to publicize a cause. Bruce Springsteen's Christic perfor-

mance raised passions, bucks and profiles.

Rich, limelight liberals have hosted private parties to support the Christics. Jackson Browne and Don Henley organized a get-together in Don's Hollywood Hills backyard. "It didn't begin with the Iran-Contra scandal," read the invitation from the rocker politicos. A presentation by General Counsel Daniel Sheehan roused the crowd of nearly 700 to donate \$6,500.

Formed after founders Sheehan, Davis and Nelson teamed on the Silkwood case, the Institute is dedicated to "investigation, litigation, education and organizing for social reform," according to the Christic literature. Sheehan graduated from Harvard Law School in 1970 and went to work at the Wall Street law firm of Cahill, Gordon & Reindel. Sheehan has been accused of exaggerating his role in the Silkwood case and embellishing his work at his first law job. Sheehan includes himself along with Floyd Abrams and two or three others as defending the *New York Times* in the Pentagon Papers case. Abrams recalls it differently, saying Sheehan was one of 12 lawyers working the case. It is "not un-

true," Abrams says, that Sheehan was fired from the firm for ignoring private litigation for public-interest work.

Public interest has been Sheehan's calling since he left Harvard Divinity School to litigate the Wounded Knee case for the American Civil Liberties Union. His record as a public-interest lawyer convinced the National Organization for Women to hire him to carry the Silkwood case.

Investigative reporter James Traub describes Sheehan's appeal as "charismatic and controversial.... Journalists, experts, Capitol Hill investigators and former CIA agents, many of whom are sympathetic to Danny Sheehan's critique of covert operations, will tell you that his gorgeous tapestry is woven of rumor and half-truth and wish-fulfillment. In Danny Sheehan they see a man in whom passion has overcome reason."

THE LA PENCA PROJECT

The first defendant in the La Penca case, John Hull, is an American expatriate who the lawsuit alleges used his ranch in Costa Rica as a transshipment airstrip for Colombian drugs and American guns. Hull sued the Christics for libel and was decisively defeated. According to information Sheehan received from a former military-intelligence officer, the person supplying guns to Hull's farm "was not Oliver North, but was a man named Theodore Shackley, the assistant deputy director of covert operations for the CIA worldwide under George Bush."

Sheehan states that Shackley's covert history of illegal, drug-connected activity started with the CIA's involvement in Southeast Asia in the '60s. Sheehan claims Shackley largely funded the Asian effort with kickbacks from opium warlord Vang Pao, whom Shackley had set up in the dope business. According to Sheehan, "Fifteen years later...Shackley was to pull off the same trick in Central America, financing the purchase of weapons for the Contras by providing John Hull's ranch as a transshipment point for tons of cocaine moving from Colombia to the United States."

Unverifiable facts are a recurring weak point in the Christic attack. Some informers are reluctant to reveal themselves; other witnesses deny statements attributed to them, mysteriously disappear or are outright assassinated. Conspiracy theorists accept factual lapses as par for dealing with the U.S. government, but credible proof still poses a big problem for the Christics.

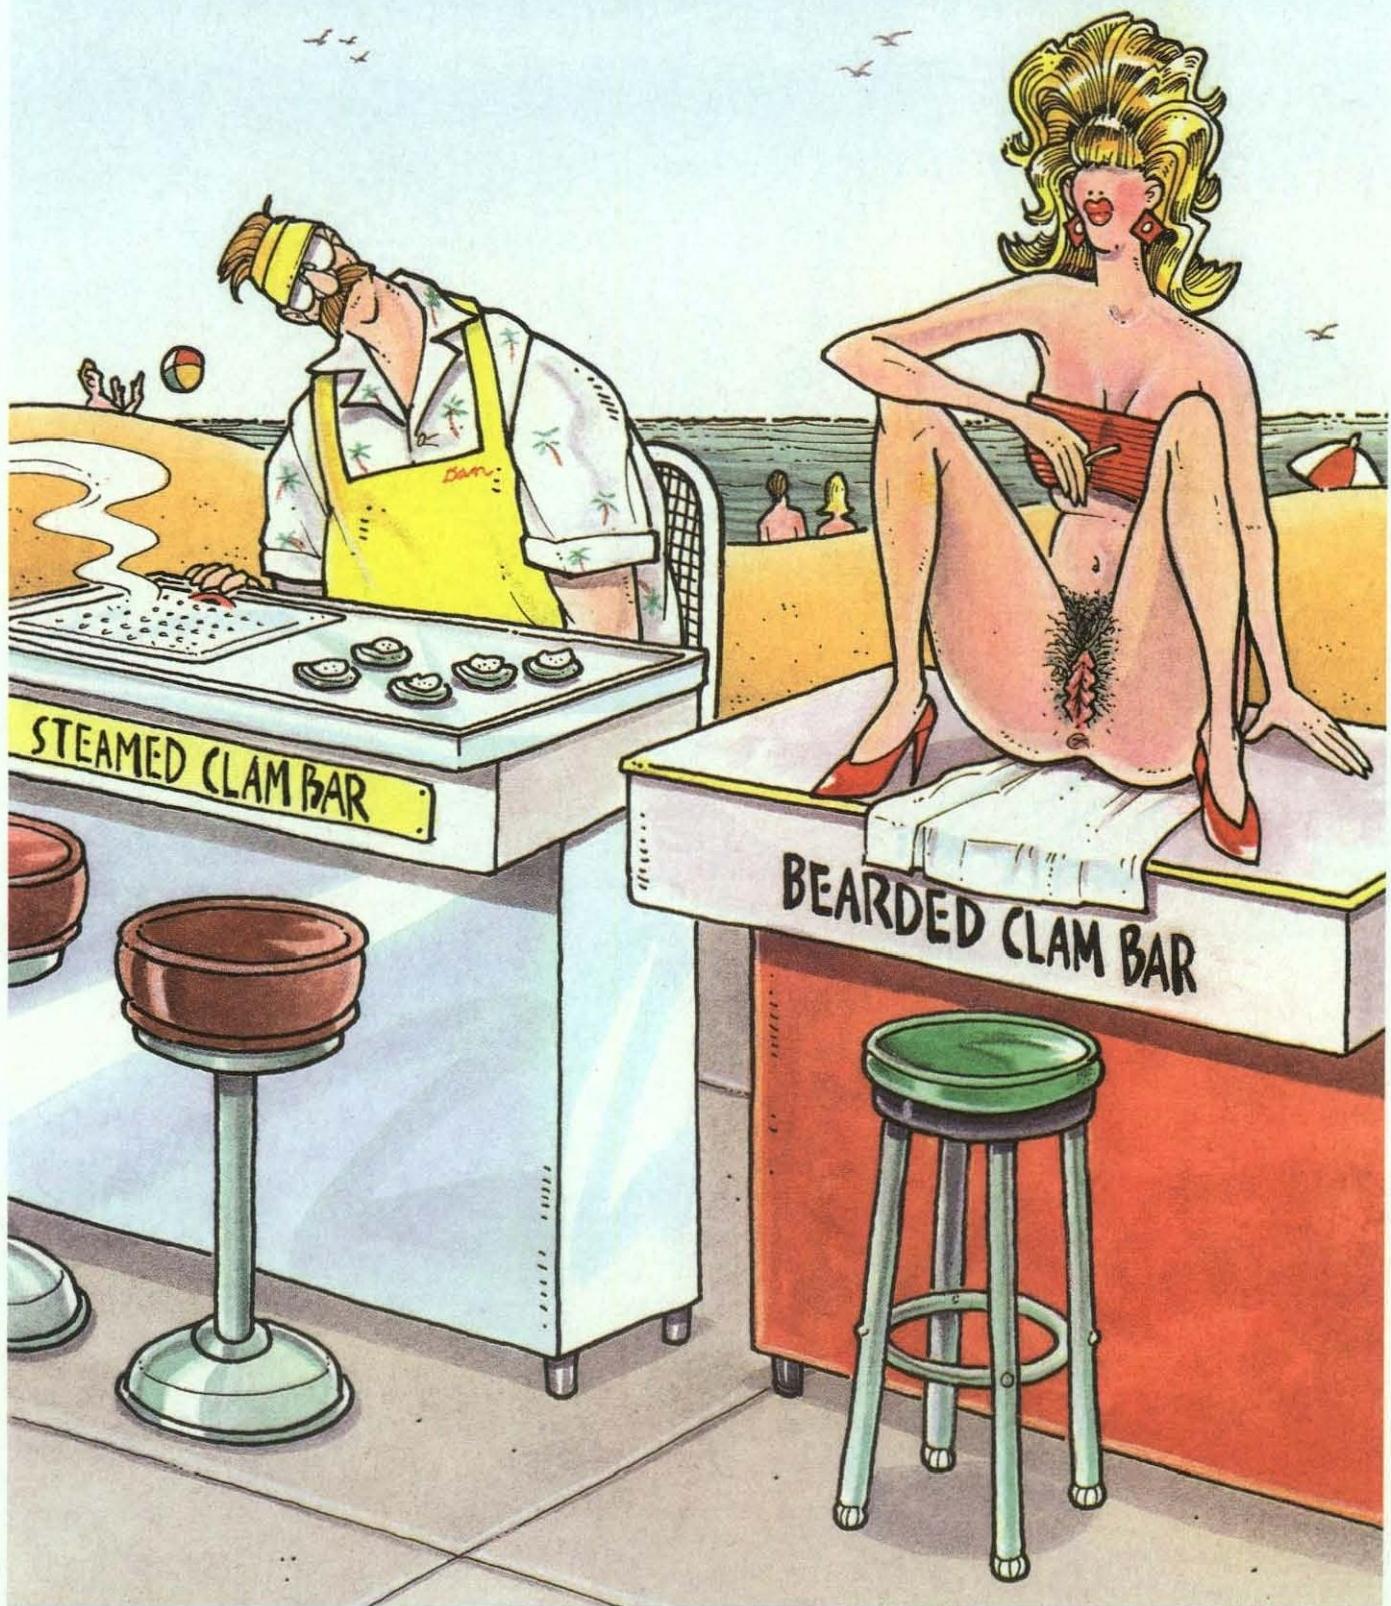

Former CIA agent Ralph McGhee, who worked under Ted Shackley in Saigon and has since been critical of the intelligence establishment, read two pages of the 1986 Christic affidavit and threw the rest away. According to *Mother Jones* writer James

Newspaper reports tie CIA operatives and their private associates to the failure of at least 22 S&Ls—costing taxpayers more than \$75 billion.

Traub, "Former agents who had served in Southeast Asia were appalled at the errors contained in the text. Sheehan had Shackley running the Phoenix assassination program in Vietnam when, according to the agents, the program had been discontinued and the agents themselves had been shipped back to CIA headquarters. Sheehan had Laotian opium warlord Vang Pao kicking back millions of dollars in drug profits to fund the Laotian and Vietnamese counterinsurgency programs when those campaigns were paid for from the U.S. Treasury."

Sheehan dismisses his critics by insisting that he "knows for sure" these things happened because he's talked to people who were involved.

Perhaps Sheehan and his sources *do* know. Retired General Richard Secord allegedly paid \$60,000 to an ex-CIA agent to smear the Christic Institute after *Avirgan v. Hull* was filed and Secord was named as a defendant.

"Secret Team" is a name the Christics use to describe a network of ex-CIA mercenaries directing U.S. foreign policy

through private organizations. Formed by victims of President Carter's 1976 purge of the CIA, the Secret Team pursued their agenda by recruiting shady Company operatives retired by newly appointed CIA Director Stansfield Turner. Under Carter, 800 people were fired from the CIA. The Secret Team simply reemployed the operatives they wanted in a private company, and it was dirty business as usual.

LA PENCA CASE UNRESOLVED

The La Penca suit was thrown out of a Miami federal court. According to U.S. District Judge James Lawrence King, the lawsuit was "based upon unsubstantiated rumor and speculation from unidentified sources with no firsthand knowledge." The Christics were ordered to pay \$1 million to the defendants of *Avirgan v. Hull*. The organization called upon supporters to raise the million dollars needed to post a bond and appeal the decision. When this decision was upheld by a federal-appeals court in Atlanta in June 1991, Daniel Sheehan said he would petition for a rehearing of the case by the full-appeals court.

An obstacle to proving the case is the magnitude of the corruption. The Christics trace the Secret Team involvement through a 30-year span of covert operations in the Bay of Pigs, Laos, Vietnam, Cuba in the '60s, Iran in the '70s, up to Central America today.

The defendants are being prosecuted under the Racketeer Influenced and Corrupt Organizations Act (RICO), which was established as a means to prosecute organized-crime figures. Under RICO, the plaintiff's attorneys are referred to as "private attorneys general," with authority comparable to federal prosecutors, including subpoena power for an unusually broad range of testimony and documents.

RICO requires that a "previous historical pattern of activity" be demonstrated, a requirement the Christic Institute exploited to publicize and investigate activities of the defendants going back to the '60s.

SAVINGS AND LOANS SCAM

The most recent Christic Institute charges link the failure of 27 financial institutions in the southwestern United States to a CIA-Mafia money-laundering scheme supplying the Contras with funds denied by Congress. Newspaper reports tie CIA operatives and their private associates to the failure of at least 22 S&Ls—costing taxpayers more than \$75 billion.

Houston Post reporter Pete Brewton broke the story after an eight-month investigation. On November 15, 1990, the Christic Institute handed Congressman Tony Beilenson (D-California) petitions from 30,000 people demanding a public Congressional investigation of the allegations.

CIA DECLINES TO TESTIFY BEFORE PANEL

After the *Post* article appeared, U.S. Representative Frank Annunzio (D-Illinois) asked CIA Director William Webster to appear before his subcommittee to answer questions about possible links between the CIA and organized crime in the S&L debacle. The CIA replied: "As a matter of principle, we do not believe it appropriate to dignify with formal Congressional testimony scurrilous and unsubstantiated allegations such as those made by the *Houston Post*."

Annunzio detailed what his staff had uncovered so far: "Former Department of Justice prosecutor [Lloyd Monroe], while pursuing a bank-failure investigation, was told by FBI agents to drop the investigation of one of the individuals connected with the bank failure because that individual had 'CIA connections.' [Monroe] was also told that the individual involved had a 'get-out-of-jail-free card'...."

across America, Congress appears helpless in finding where the money has disappeared. The luxury cars, boats, planes, condos and lavish entertainment squandered by S&L officials accounts for a tiny percentage of lost funds. According to the *Post*, "Most of the money lost in S&L failures has yet to be traced to its ultimate destination.... The federal and Congressional investigators who have the subpoena power to trace the money have shown little apparent interest in doing so."

Former CIA contract agent Richard Brenneke, an arms dealer whose name came up during the Iran-Contra scandal, testified in September 1988 that "there has been a systematic program by which money was raised for the Contras using schemes involving banks." The CIA contends that Brenneke never worked for them. Brenneke claims he is being harassed because he blew the whistle on illegal CIA activities. His testimony was given to support the case of "close friend" Heinrich Rupp, a pilot who maintains he was working for the CIA at the time he was reportedly convicted of bank fraud.

Rupp's ID shows him to be vice presi-

dent and pilot for Global International Airways. Kansas City-based Global, bankrupted in 1983, was owned by Iranian businessman Farhad Azima. Azima was an owner of the Indian Springs State Bank of Kansas City, which failed in 1984. Azima worked for the CIA and had numerous connections to CIA-related companies.

According to Michael Manning, a Kansas City lawyer who investigated the Indian Springs failure for the Federal Deposit Insurance Corporation (FDIC), Global's bankruptcy "certainly did contribute to the failure of Indian Springs State Bank." But when the Justice Department's Organized Crime Strike Force investigated Azima, the CIA informed them that Azima was off-limits. Azima was the man with the "get-out-of-jail-free card."

WHO WATCHES THE WATCHMEN?

Even if the Christics don't win the La Penca case, the fact that they exist is reassuring to many Americans. Shady operators in the intelligence community fear the legal entanglement of the Christics more than they fear an exposé on *60 Minutes*. The U.S. government has a history of mysterious, irresponsible covert complications. Perhaps groups like the Christic Institute, and the prospect of legal accountability, will introduce restraint where only recklessness has reigned. *

Pedro and stopped at a barrier curb facing the water. After making sure her four children, ages three to 13, were buckled in, Yip backed up 300 feet, turned on the high beams and burned rubber.

Witnesses estimate the auto was doing 60 m.p.h. when it rocketed over an eight-foot cliff and plunged into the harbor. Divers would later find that the van skidded more than 40 feet after reaching the ocean floor.

Husband Alvin Yip, stunned by his wife's actions, admitted that she had been depressed for months, worrying that life in Los Angeles would corrupt their children.

In July 1988, a Sacramento, California, teenager gave birth in a campground outhouse high in the Sierra Mountains, after which she dropped her newborn into the toilet waste tank, where it drowned in a cesspool of human excrement.

According to Placer County Sheriff Donald Nunes, the 16-year-old mother claimed that her child's death had been an accident. She admitted that she had initially intended to dispose of the baby, but said that she'd changed her mind during delivery.

The girl told authorities that while trying to give birth by herself, the baby had slipped from her hands and fallen through the toilet opening into the 1,000 gallons of waste material below. Then, before she could pluck the crying infant from the pool of sewage, it had disappeared beneath the surface.

Although investigators doubted the girl's story, murder charges were never filed.

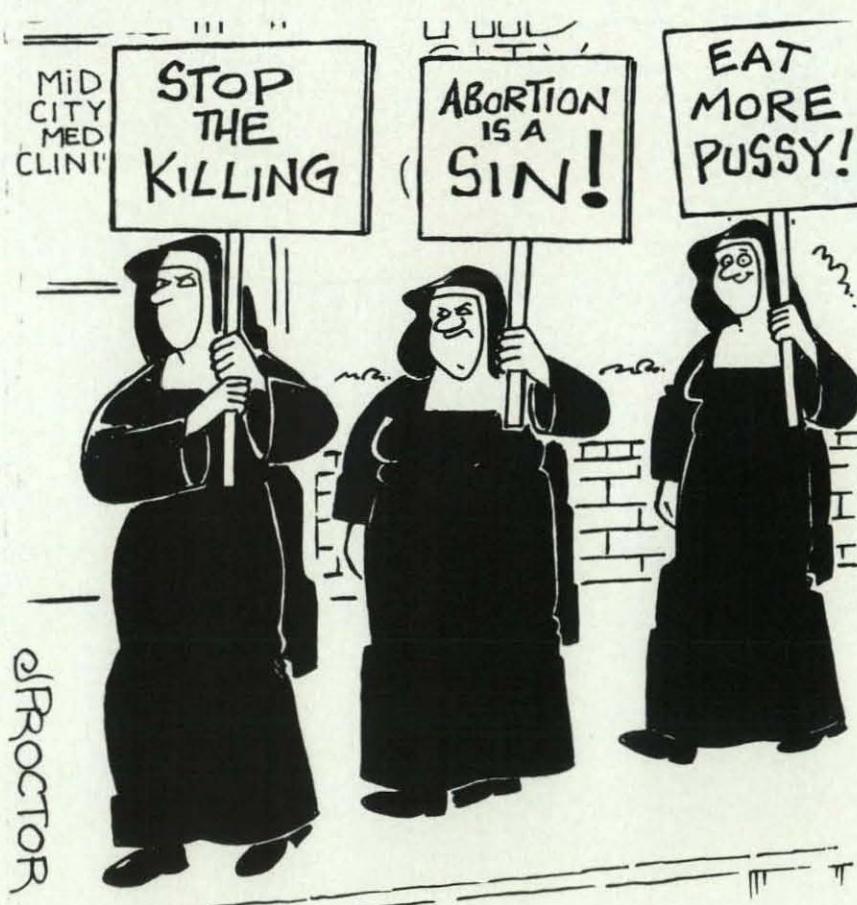

It's difficult to comprehend how a mother commits such a vile atrocity. Even more unthinkable is a woman who does so in the name of her God.

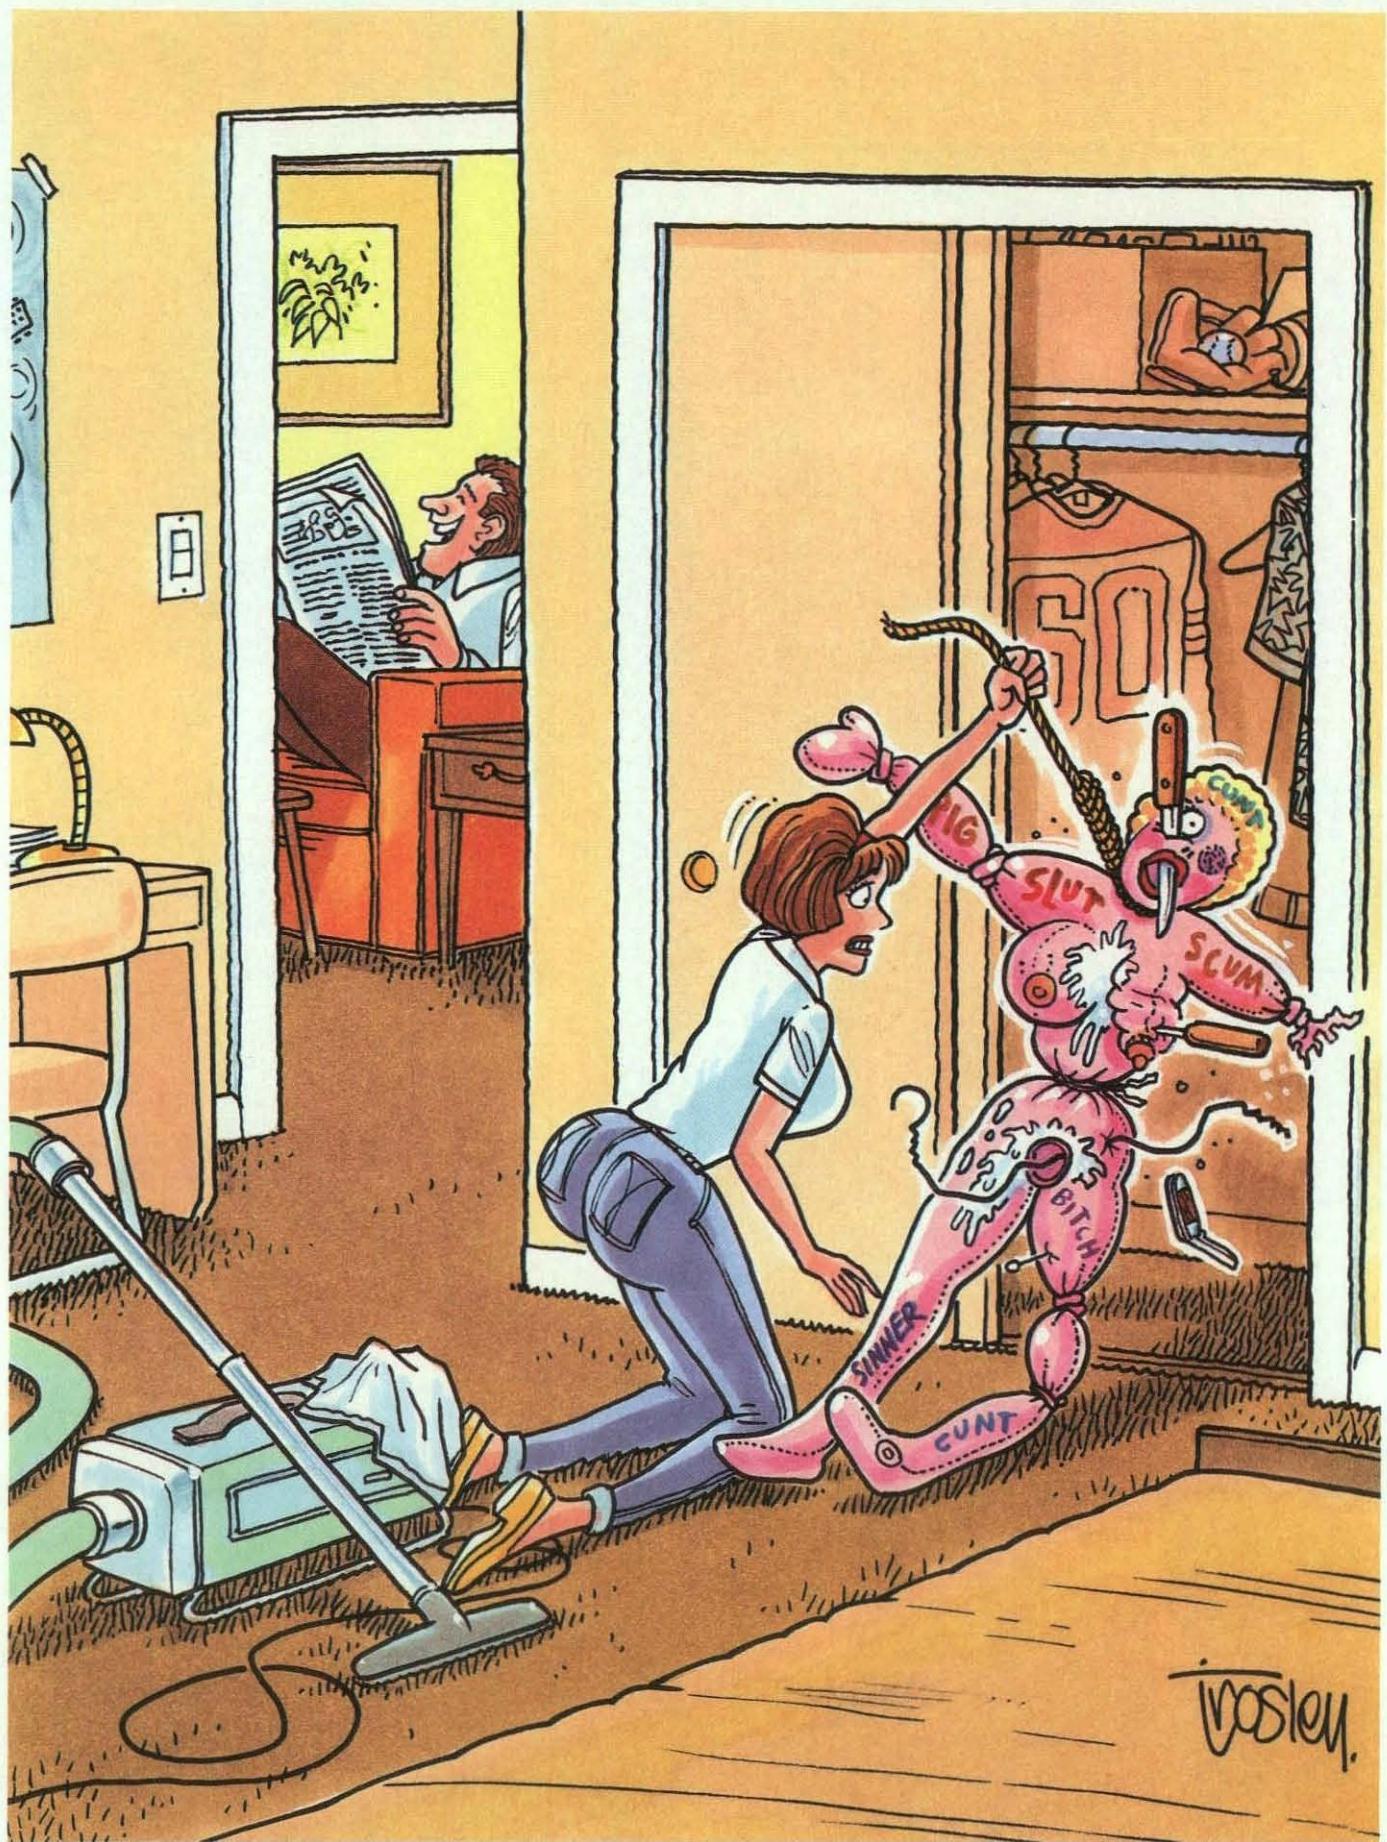

In 1989, police in Brooklyn, New York, were forced to shoot 33-year-old Lucretia Sangirardi when she began stabbing her nine-year-old daughter, Lisa, with a 14-inch carving knife while screaming, "The devil is in you! I have to kill you!"

The woman, who died of a bullet wound in the chest, was warned to drop the weapon by police officers who were watching through an open window. Sangirardi refused and, after threatening her two young sons, began thrusting the blade into her daughter's flesh.

Officer Andrew Boyles fired two shots at the deranged mother and jumped into the apartment. As he tried to pick up the bleeding child, Sangirardi lunged at him with the knife, and the officer fired two more rounds, killing the woman instantly.

"I'm shocked," Andrea Palone, Sangirardi's landlady admitted. "She didn't seem like the kind to stab her children. The family just got back from a trip to Disney World!" *

"Sounds great!" said Adam. "But what's she gonna cost me?"

"An arm and a leg," God replied.

"Jeez, that's pretty steep, God," countered Adam. "What can I get for just a rib?"

Question: How can you tell that Asians are moving into a neighborhood?

Answer: The Mexicans start buying car insurance.

The redneck farmer was disturbed when he found his son masturbating several times a day. "Boy, you got to stop that," he said. "Go out and get yourself a wife."

So the boy went out and soon found a pretty, young girl to whom he got married. But a week or so after the wedding, the farmer found his son whacking off again.

"You crazy boy!" the father yelled. "That Lucy Mae's a fine girl!"

"I know, Pop," the boy replied, "but her arm gets tired sometimes."

On a shopping trip to the city, a backwoods farmer decided to buy a 24-piece jigsaw puzzle. After working on it every night for two weeks, the puzzle was finally finished.

"Look what I've done, Jess," he said proudly to a visiting neighbor.

"That's surely something, Willard. How long did it take you?"

"Only two weeks!"

"Never done a puzzle myself," Jess said. "Is two weeks fast?"

"Darn tootin'," Willard said. "Look at the box. It says, 'From two to four years.'"

The Polack strutted into his office looking unusually sharp one morning. "How's it going, Bob?" asked one of his co-workers. "Hey...when did you get the new leather jacket and slacks?"

"They were a gift from the wife," Bob said smugly. "No shit! Was it a surprise gift?"

"Yep," Bob replied. "I just walked into the bedroom last night, and there they were, hangin' over the chair."

Mike accompanied his wife when she went in for her annual checkup. Afterward, while she was getting dressed, the doc came out of the examining room and said, "Frankly, I don't like the way she looks."

"Shit, neither do I," said Mike, "but she's handy around the house."

Question: When does a Mexican become a Spaniard?
Answer: When he marries into your family.

The handsome, young stud finally got his lovely Irish fiancee to the altar two weeks before Easter. On their wedding night, he could not wait to make love to his devastatingly sexy but still virginal bride. She, however, did not respond.

"What's wrong?" he asked.

"...I can't make love," she answered. "It's Lent."

"Lent?" he shouted. "Who the fuck to and for how long?"

The biker took his new girlfriend to the movies. After a long, passionate kiss, the chick blushed and said, "Gee, honey, I think I just swallowed my gum."

"Naw," said the biker, "I was just clearing my throat."

On the advice of a marriage counselor, Bob and Sue rented a lakeside cabin for a weekend together.

When they returned on Monday, Sue's best friend asked her, "So how did you and your ol' man get along over the weekend?"

"Pretty good. Every morning he took me out to the middle of the lake in the rowboat and let me swim back."

"Jeez, hon, wasn't that kinda far to swim?"

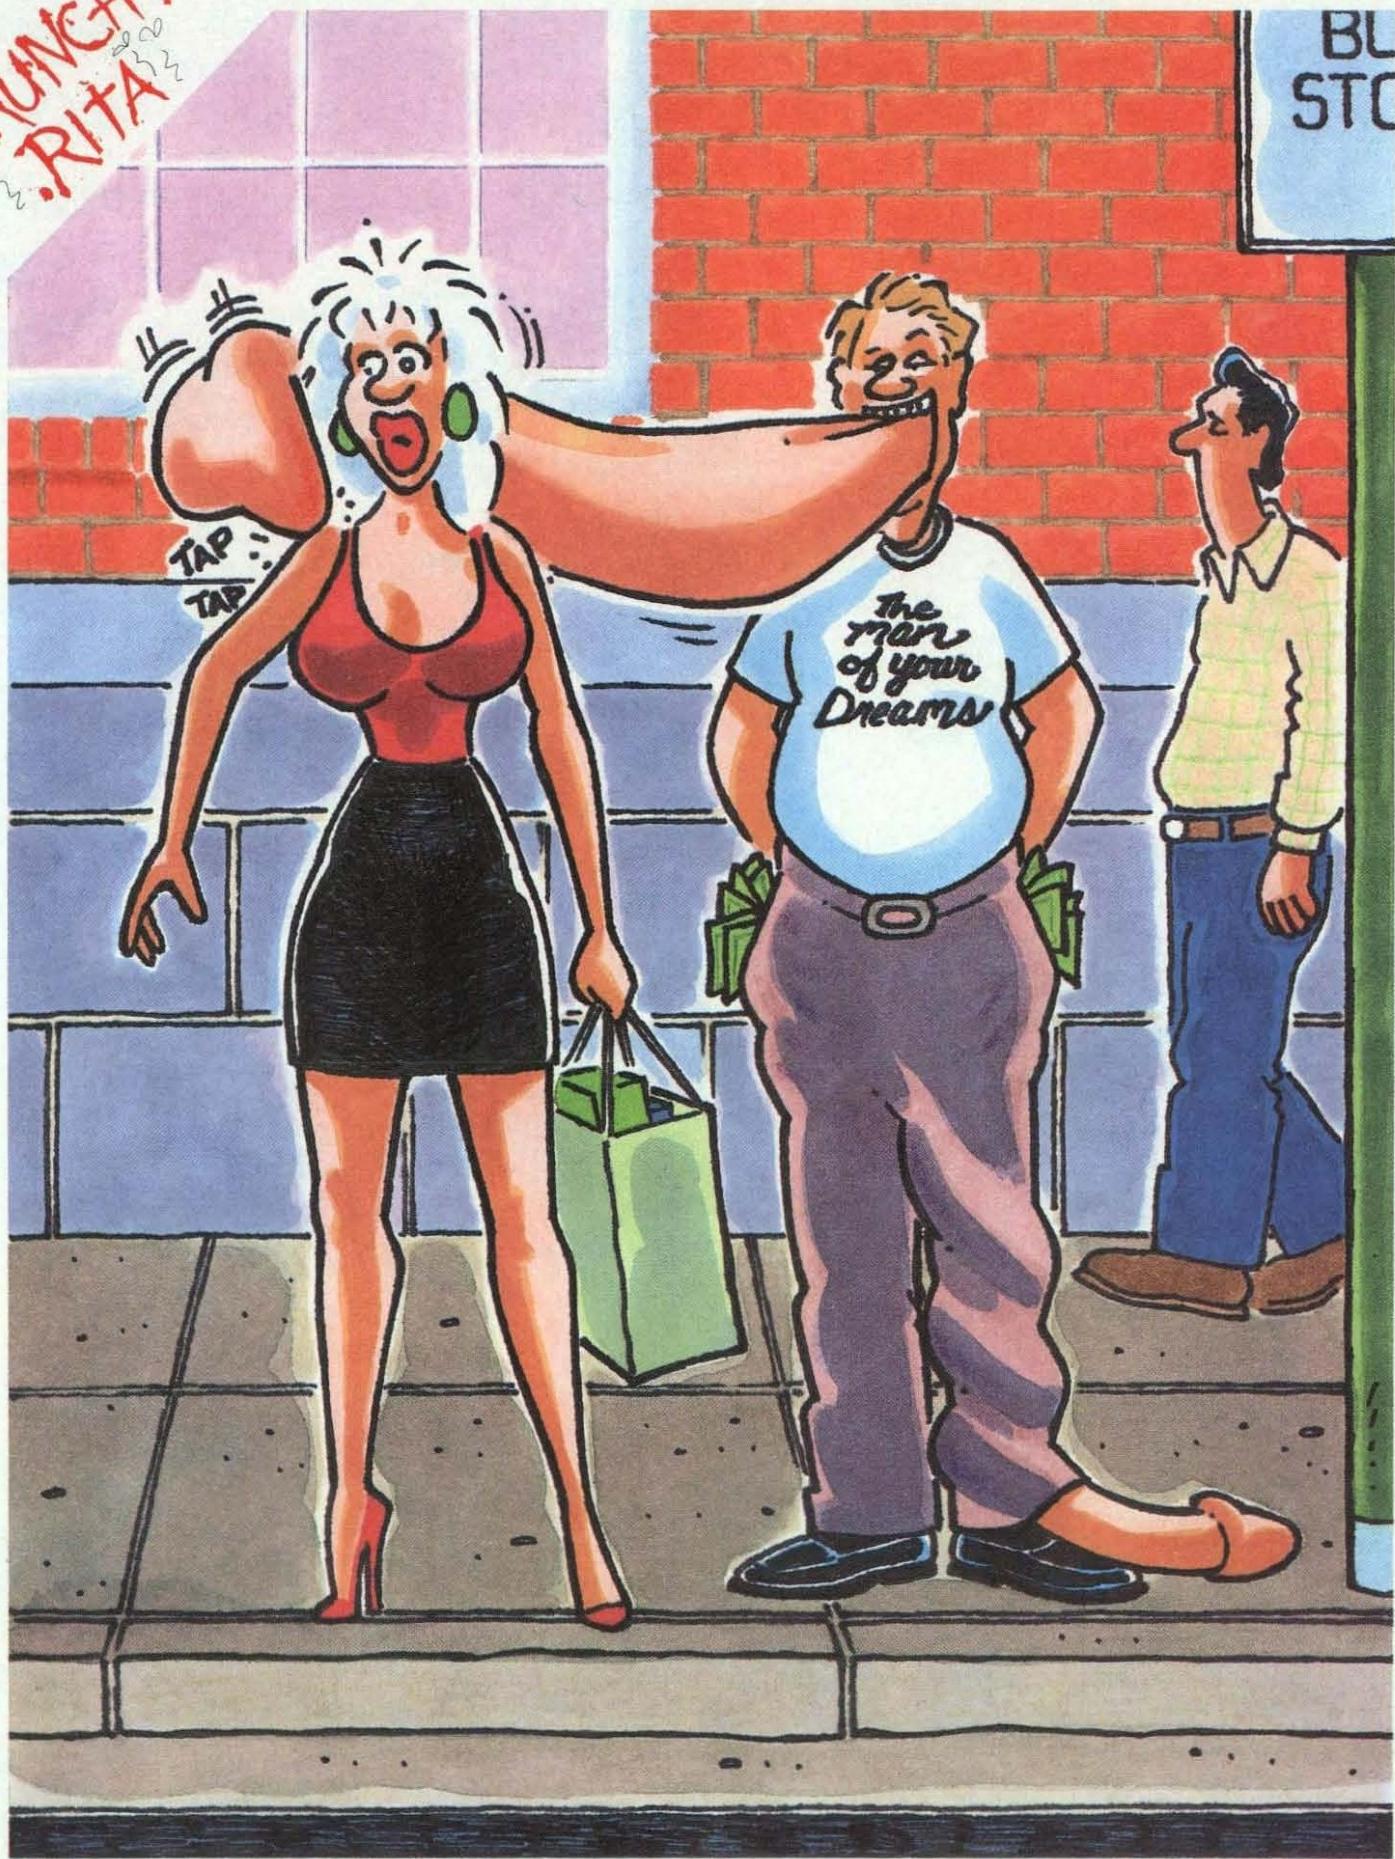

"It wasn't too bad," replied Sue. "The really hard part was getting out of the bag first."

While out with his friends barhopping one night, Mark was asked why he always sent his ex-wife her alimony payment 15 days early. Mark shuddered and explained, "I'm afraid that if I'm ever late with the payment, she might decide to repossess me!"

Jeanna Fine
Born Hussy With a Passion

Profile by Christian Shapiro

FINE PASSION

"You can't go straight down on them. Some cocks are easier to deep-throat in a 69 position. I swear, you can drive a train down my throat."

Eyes shielded behind movie-star shades, sex star Jeanna Fine steps from her car into the California glare. She's in a motel parking lot one more time, but she's a different Jeanna Fine.

Gone is the bleach-blond, punk Mohawk, replaced by falls of raven tresses. Gone is the flat chest, only a memory beneath a superimposition of bodacious mammary stacks. All that remains from the Jeanna Fine of old is a natural tendency to attract libidinal attention.

Jeanna has turned over a new leaf. Encased all in black, with her T-shirt and exercise tights pumped to the limits, Fine may look like a much-demanded, lucratively compensated video trollop, but, in fact, she has become a journalist for the day. She has come to a meeting of the Los Angeles Press Club at the Hollywood Palms Hotel to attend opening-day ceremonies for the 13th annual National Condom Awareness Week.

A member of the Los Angeles Press Club ushers Jeanna into a room. "You're a speaker," he insists. "Right?"

"No," says Jeanna, savoring his look of surprise. "Press."

A photographer approaches Jeanna as she licks her lips and runs her fingers sensuously

over a display of phallically packaged condoms and lubricants. "Jeanna Fine?" he says. He squints to read a button pinned to the strap of Jeanna's purse that labels her a SHAMELESS HUSSY. "Oh, that's good," he moans, clicking his lens as Jeanna intuitively flexes her lips and tits into a wet dreamer's vision of perfection. "This is good. You're a fine lady."

The press conference itself is anticlimactic in comparison. A corporate representative touts his company's selection of rubbers, including the Max sheath for "people with large problems." ("Problem?" asks Jeanna, her face blanching.) Various social workers report on condom awareness in high schools and emerging Third World nations.

Jeanna accepts a sack of safe-sex goodies and reports back to HUSTLER command center for debriefing. Luckily, safe sex is not a subject that Jeanna can stick to.

A FINE VISION OF STDs UNDER CONTROL

We use this on the set all the time, lubricant with Nonoxylnol-9. Nonoxylnol-9 is really important, because it kills the HIV virus. There hasn't been so much as a herpes break-

out around the sets for about four years, which is when we started using Nonoxylnol-9.

What STDs are common in the porn world?

There has been nothing. I haven't seen crabs in four years. I had a trichomonas infection when I was 17, from a boyfriend, but I've never picked up anything from a set.

Have you encountered condom breakage?

In my personal life, I had so much trouble with breakage that I started to use the contraceptive gel. In case the rubber were to break, you have a Nonoxylnol-9.

The sponge has Nonoxylnol-9?

It also acts as a barrier, although I don't know how much, because there are so many curves and cracks in a woman. Sometimes after a scene, you go to pull the sponge out, and you can't find it. It feels so much like you, you'll go to pinch and grab it, and you'll pinch yourself. Sometimes you can't find the little string—there's a string to pull it out.

Those sponges look pretty gruesome when they come out.

They are not photogenic. You shouldn't look. Don't flush it down the toilet; just wrap it and throw it away.

Keep it away from the dog.

Dogs love it. I have a rat, and she's always coming out of the bathroom with things I wish she wouldn't, especially when there are people. "Oh, hi, Henry. Oops, sorry—tampon."

BIG DICKS AND A FINE THROAT

A few in the business would need the "ultimate assurance of Max," the larger-shaped condom. Rocco, Sean Michaels—huge.

How do you manage to throat these guys?

Directors stand behind me to see if it comes out the back of my head. I don't know where it goes; I have my tonsils too. I don't have a gag reflex.

This is how I try to teach chicks to do it: When you go down as far as you can, and you feel where it's hitting the back of your throat, try not to gag. Try to move your head around or change the position to go down on the guy. Even if a dick appears straight, they all have a tilt and twist, and so does your throat. You can't go straight down on them. Some cocks are easier to deep-throat in a 69 position. I swear, you can drive a train down my throat.

You say you teach chicks how to throat cock; does that mean you have a class?

Yes, at the Y Wednesday night. Bring your ID card. You have to be over 21, unless you're really cute. No. The chicks always ask me on the set, "How the hell do you do that?" I try to teach them. If I were selfish, I'd guard the secret with my life, but I want to spread a little joy. Everyone should be able to do it.

It takes more than just the desire.

Since I don't have a gag reflex, I'll slam my nose in their pubic hairs about four or five times. I can go down on Sean Michaels consistently about four or five times in a row.

FINE PASSION

(continued from page 96)

"I spit in my hand and jacked him off right there and wouldn't let him touch or kiss me. I just jacked him off and told him to get out of here."

CHOCOLATE MOUSSE, TRASHED HOTEL BEDS AND GREAT ROOM SERVICE

Honey is a lot of fun, but it doesn't come off too good. I try to save food-fucks for hotels, since they have two beds. You can trash one and sleep on the other one.

Do you leave a tip for the maid?

Always tip the maids. For a couple of days, I'll leave them about ten bucks. I don't let them in the room while I'm there.

Although, last August at the Consumer Electronics Show in Las Vegas, Tommy Byron, Careena Collins and my boyfriend, Sean, we took an entire dungeon up there. We all picked up people. I picked up this boy from a nightclub. I had people tied up everywhere. And then I called room service. The guy knocks on the door, and I open the door, and I have nothing on but patent-leather, thigh-high boots and a whip in my hand. "Come in." Everybody is everywhere, and the room-service guy just could not look up. I had to clear all these whips and latex gloves, handcuffs and everything, to set the tray down. But, you know, we got really good service after that.

When you say mess in a bed, what specifically do you mean?

Chocolate mousse and raspberries. I can't

eat chocolate mousse anymore. Grand Marnier is the best thing for head. The guy flips it in his mouth and then eats your pussy.

You smear the chocolate mousse between your ass cheeks?

Jeanna Fine blushes.

JEANNA'S GOT A BOYFRIEND

We're together; we're a couple. He's into group sex; so if I see something I like, male or female, he lets me have it. Vanilla sex is a bore. Now I wouldn't just go out and pick up a guy. What's in it for me? Another fuck? Please. But when he was in Thailand for two weeks, I went to the RIP Magazine concert, and I spotted a cute guy. I started talking to him. We started to play, and he wanted to fuck, but we didn't have a rubber; so I said, "No glove, no love." But I spit in my hand and jacked him off right there and wouldn't let him touch or kiss me. I just jacked him off and told him to get out of here.

You did that in a crowd of several thousand. Did it get on anybody?

Just on him and all over the floor at the Hollywood Palladium. Now, that I liked to do because it was kinky and anonymous. I don't know their name. They don't know my name.

"Shee-it! Talk about horny!"

If you find something you like, do you ever bring it home to share with the boyfriend?

For his 22nd birthday, I gave him four of my girlfriends. I took him out to dinner and gave them the keys to my apartment. They got naked and spread pillows and blankets all in front of the big mirrors on my wall.

I blindfolded him, took him to the apartment door and pushed him in. I said, "Get him, girls." They grabbed him and tied his legs and hands up. One by one, I would say, "You." She would sit on his face. One would suck his dick. I kept him blindfolded for about half an hour.

Then I said, "How many people are in the room?"

He said, "About five."

So he was close. I said, "There are four more sitting on the couch."

He started to lose his hard-on. He's like, "What do you mean there's four more on the couch? Four more what?"

I had been talking about transvestites all that day; so he didn't know if I had brought one home with me. We took the blindfold off, and we spent the rest of the night romping.

What's a guy got to do to become your boyfriend?

Sean came to the convention just to meet porn stars. He was from Denver. He always knew, somehow, that he was going to get into the business. He walked by my booth a couple of times, but I didn't see him because I was signing autographs. So then he dropped all this stuff in front of my booth. My girlfriend said, "Jeanna, check that out."

"Excuse me," I said. "Get in my line." I didn't give him my autograph; I gave him my room number. We moved in in March, and he was only supposed to be coming down for a visit. He wanted to be a porn star and fuck all the chicks. Now, he can do that, and have me.

So he works with other women too?

Of course. The kid's young. He's double Scorpio. He's beautiful. He's never been monogamous; he needs variety. Why go to bars and do it behind my back when he can do it and make some money? Pay the bills.

Is it okay working on the same set together?

I might have my moments of insecurity. I'm sure he does too. But we are very secure in that we love each other. If there's a problem, we would never bring it up on the set.

Has there been a problem with him boning somebody you don't like?

There are men I won't work with out of respect for him, because he doesn't like them. He'll say to me: "The director wants me to work with this person. How do you feel about it?" I'll give him my opinion. "Oh, I think she's a skank," or, "I don't really love her, but it's okay." Or, "Fuck, have a great time."

NOT SO FINE—JEANNA'S TURN-OFFS

How about guys who use the taste of Nonoxynol-9 as an excuse not to eat pussy?

FINE PASSION

"Suddenly he was smearing his cock all over my red lipstick. He'd say, 'Dirty cocksucker. You like cock, cock.' It just went on and on."

It doesn't taste great, but if you're really into your woman, you'll bear it. Foreplay is important. There's nothing worse than not being turned-on and getting fucked. By the time you work up to coming, the guy's going to come in two seconds. I like to get off three or four times before the guy does. So I want to get off at least once orally, and then get fucked.

What do you think of the pick-up scene?

My pick-up days are pretty much over. I don't go to clubs where it's a pick-up scene. I can get real nasty with guys who get into the old cheesy, stupid guy stuff.

Give some examples of cheesy guy stuff.

A chick can pick up subtle hints that guys don't know they're putting off. It's the way they stand. They get that goofy fucking look in their faces. They get real smooth. On some chicks, it must work.

You have to turn me on between my eyes. You have to touch that clit in my brain. Give something besides your dick, because everybody's got one. Your dick is the least of it.

PRETTY FINE—JEANNA'S TURN-ONS

Sean decided to get his nipple pierced, and he was high for a really long time.

Sean seems like he might be a little twisted.

That's the kind that keeps me interested—the sick ones. Joe Normal just doesn't do it for me anymore.

Our readers are pretty sick.

I love sick people. It's the straight ones I worry about. People that do it in the dark, don't talk about it, do only missionary style.

People who can't figure out what to do with chocolate mousse.

Those are the perverts. Those people have incredible fantasies that they feel so twisted about that they keep everything ultra-normal. They don't want it to get out.

One of my goals for when I'm 70 or 80 years old is to own the killer bordello. Peacocks on the front lawn. Golf course. A place where men can come and romance for a weekend.

Taking it a step further, I said, "Why not make it also a clinic? Why not therapy, a place to make it okay for people to act out their fantasies?" Allowing people to act out fantasies of, say, little girls, in a controlled environment with consenting adults—how would that effect child molestation actually happening? I was molested when I was six years old by an uncle. What if he'd had a place to go and act out that fantasy? Would he have done that to me? I don't think so. People need an outlet for their fantasies. People get twisted because they feel so guilty about fantasies. Fuck it. Do it, but with an adult, and just play. Sex should be real healthy, fun play.

But sex should not be vanilla?

I'm not saying I have kinky sex all the time. I prefer sex with my boyfriend because finally we both found somebody that we can have sex in the same place, same positions—which are not your ordinary positions—and it's different every time. A different attitude, a different thing going on in our heads.

Who are some of the most stimulating people in porn?

I just worked for the first time with Jamie Gillis. That man is sick, oh. Oh.

You'd never seen him on the TV?

There's a difference between seeing him on the TV and being right there. Right away we knew: *Oh, this is going to be fun, man.* It started off with me being dominant, and suddenly he was smearing his cock all over my red lipstick. He'd say, "Dirty cocksucker. You like cock, cock." It just went on and on into more and more kink. We worked for a good hour. He didn't want to leave the set. Three guys literally packed him up and made him leave.

John Leslie was like that too. You had to live in John Leslie's eyes. Hot, nasty talk while looking straight at him. That's hard for a lot of girls to do because it's not them.

When you look in somebody's eyes, you really have to be yourself.

FINE FOR NOW, AND THE FUTURE

How much time do you have left?

I'd say four more years for movies. I'll be 30, and I don't know if I can handle being cast as Mom. I can just hear them saying, "Ashley here is going to play your daughter." But I know I'm going to make a damn fine older woman. Looking at my mother, I know I'll age gracefully. But who wants to age?

So many girls are just flashes in the pan.

I didn't want to be. I didn't get in the business for the quick buck. I got into it because I knew this is where I was supposed to be. I feel the business is nothing to be ashamed of. It's a necessary tool for society. It has a legitimate place.

Is it possible for a man to see you in your movies and know who you really are?

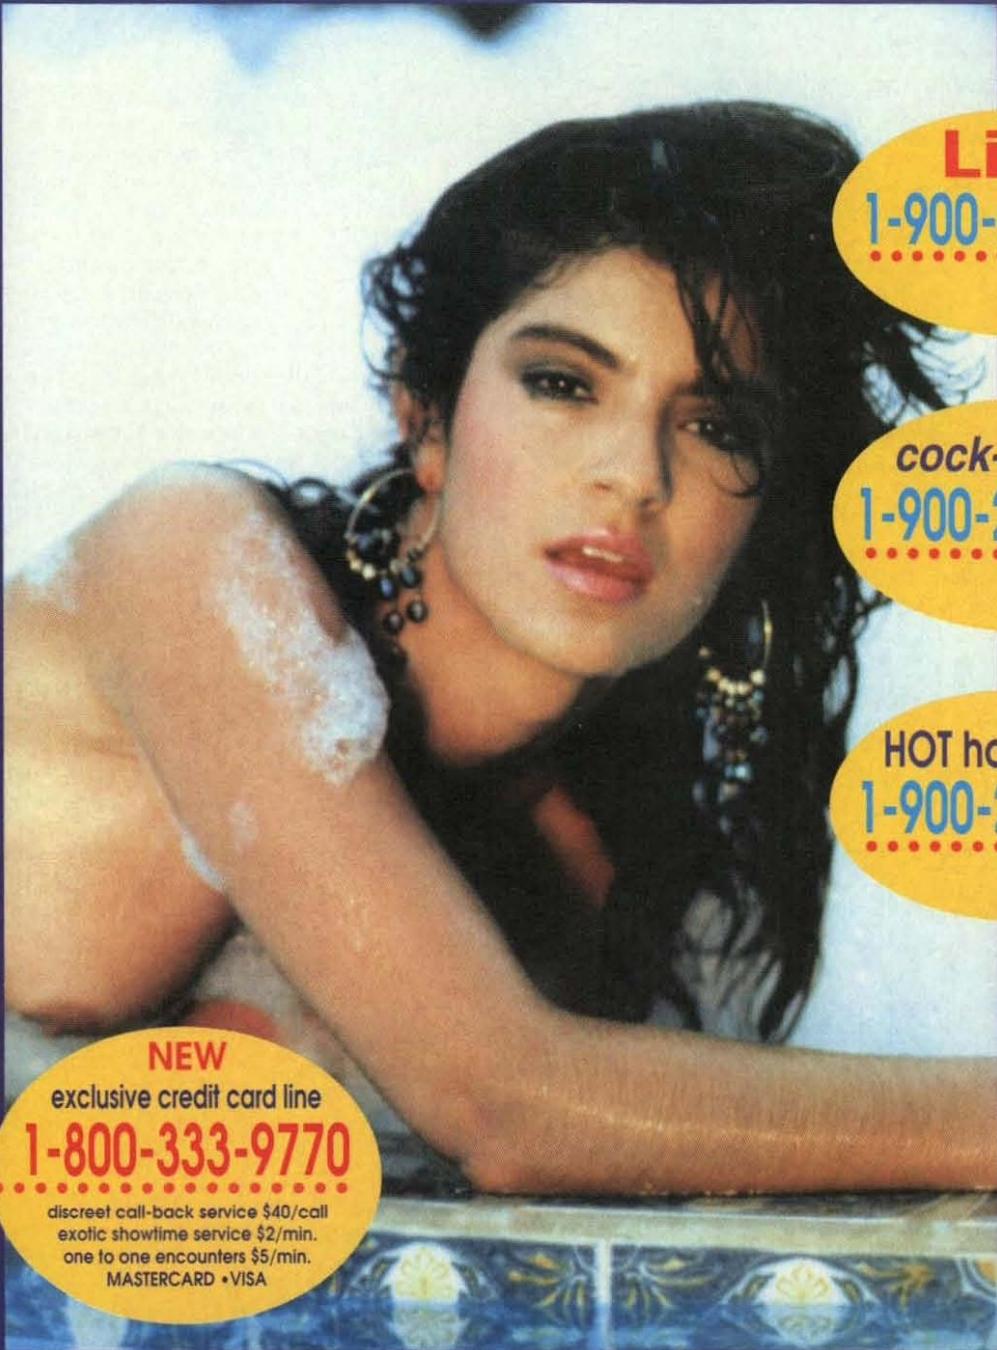

Unless they cast me in the part of the virgin. Thank God they don't do that. Who I am when I'm having sex, that's who I am, whether I'm on camera or not.

What kind of roles would you play in a legit movie?

Same kind of roles I play in the movies I do now. Powerful, sometimes conniving, always strong women. I can't play a victim. I can play someone who's vulnerable, because I am. But weak? Stupid? I would not classify myself that way. ♪

Incredible Sexual Discovery!

Chemists perfect amazing Sex Scent that makes 3 out of 4 women give in!

Paris. — Using the discovery of two famous and respected Professors, chemists have succeeded in synthesizing the sex hormone that triggers arousal. They have blended it into a perfume, and the results are astonishing. They have been the subject of tests, articles in the newspaper, with surprising revelations.

This unique scent works equally well for attracting women and men. It also works even if you have never had any success, or if a man or woman has already turned you down.

The results are guaranteed 3 times out of 4 (4 contacts = 3 successes). In most instances, a "normal" man only succeeds 1 out of 4 times.

IT'S TRUE — A SEX SCENT THAT REALLY TURNED ME ON

(as told by Mrs. M. Dumit,
reproduced with her permission)

This happened about a month ago. I was having a drink at a sidewalk restaurant when a man came up to me. Not good looking, not ugly, and not my type.

He held out a piece of paper with an address scribbled on it.

Suddenly, I was aware of the odor. The next minute, I started to tremble and my mouth went dry.

The man asked me if I knew where the street was that was written on the paper. I looked at him without understanding what he was saying. I only wanted one thing: for him to take me into his arms. The odor penetrated me more and more. It was hot, sensual and comforting.

I tried to react and looked around me. But no one seemed to notice what was happening to me.

The man took me by the hand and drew me to him. I got up like a robot. He paid. I couldn't take my eyes off him and he pulled me against him and put his arm around my waist. We went about 100 yards to his car. I got in without hesitating. When his hand caressed my knee and slid up my thigh, I felt a powerful desire knot in my stomach. I grabbed him and sought his mouth.

Fifteen minutes later, we were in his apartment and I gave myself to him in delirious pleasure.

I BECAME HIS SLAVE

When I got home that evening, I asked myself some questions. Suddenly, I remembered an article that had appeared in a magazine. Some chemists had succeeded in synthesizing the hormone that triggers sexual desire. Apparently, it was unstoppable, and no one could resist.

I quickly called Frances, a girlfriend who is a biologist. I told her about my adventure.

In her calm, precise voice she confirmed for me what I already knew: I had been the victim of a sex scent which had been perfected by the chemists.

I didn't regret my adventure. But I decided there and then to be more careful in the future.

OTHER REAL-LIFE EXPERIENCES

The following experiences have been related in the news, or have been the subject of private tests.

— In a dentist's waiting room, some sex scent was sprayed on a chair. During the course of the day, 11 patients out of 13 either sat on that chair or the one next to it.

— A man of average build, with Exit 1 on his shirt collar and under his arms, walked back and forth among the tables in a tea room for three minutes. He then left.

Here are the responses of the customers who were discreetly questioned by a co-worker: 9 women said that the man excited them tremendously. One woman refused to reply, and two said that they had been indifferent to the man.

— On a cattle farm, spraying the females with some sex scent tripled the matings.

— A female hamster was placed among several males. One of them had been sprayed with sex scent. After moving about for a few minutes, the female approached the male who had been sprayed, with obvious signs of excitement.

3 OUT OF 4 SUCCESSES OR — IT'S ALL FREE

(while a "normal" man

is only successful 1 time in 4)

All our tests, personal tests of friends, and many experiences in the United States, England and France prove this:

The sex scent acts regardless of the person, physique (even unattractive) and even if he is timid with women. It attracts and makes 3 women out

of 4 surrender. Which is incredible because everyone knows that a "normal" man is successful one time out of four (look at your own life or ask your friends).

This is what you have to do. Put some scent behind your ears, on your collar or under your arms. Approach the person you want to seduce and start talking to them, using any pretext... and write to us right away to tell us what happened.

If three people out of four have not said YES, if three out of four have not surrendered to your caresses, then your sex scent will cost you absolutely nothing.

Just write and tell us, and you will receive a full refund check by return mail.

This is a signed, written guarantee that provides you with complete legal protection.

HOW IT WORKS

Molecular structure of the sex molecule.

It has now been established that an odor contains a message.

This is received by the brain, decoded, then causes anyone to react automatically according to the message contained.

The success of the Exit scent is explained by the fact that it contains very potent sexual molecules (pheromones). They excite the neurons that control sexual behavior.

IF YOU HAVE NEVER HAD SUCCESS WITH WOMEN AND THINK IT'S IMPOSSIBLE, AT LEAST READ THIS:

I would be willing to bet that you blame your lack of success on two things: 1- You are not very handsome. 2- You are not very rich.

Let me share something with you. Several months ago, a large women's magazine surveyed its readers about Seduction. Here are the results.

Half of those responding said that they themselves don't know why they get "turned on". Only 10% said that they are concerned about physique. As far as money is concerned, they don't even mention it. What they do care about is a tolerant man who is not aggressive. So you can see that only one woman in 10 is concerned about looks, and those who are looking for a millionaire are in fact very rare.

When you read that Exit scent makes three out of four women surrender, it's really true.

Touch a little Exit 1 behind your ear, or on your shirt collar, then smile and walk up to the first pretty girl you see.

And you'll see — it's unbelievable!

Jean Aubert

— The confidential revelation of a recent discovery. It transformed one woman without much sexual appetite into a passion-filled volcano, and gave other women 10 times more enjoyment.

humdinger™

The Humdinger massager modulator modifies the power to your vibrator to create an amazing new sensation. Instead of a continuous hum, the vibrations come in bursts, about eight bursts per second, at the frequency of a slow alpha wave. You still have the high and low speeds most plug-in vibrators have, but the power is being switched on and off rapidly. Try flipping your vibrator switch off and on as fast as you can and you'll get an idea of the effect. Users report attaining unusual states of transcendent ecstasy.

Do you want a
huge dong?

Have you ever envied those who had them...erect measurements of 9, 10, even 11 inches. We wish we could promise you that 11-inch equivalent of the Hebrew National Salami, though we'd be lying if we did. But if you are average hung WE CAN AND DO promise you at least an 8-inch ram-rod in less than 8 weeks. Won't she be surprised when she sees it? And won't you feel ten times the man you used to be when you slide it in and reach the end? SAFE TO USE. No drugs to take, no lead weights to wear, no anesthetizing creams to use. And the most amazing part is the price...only \$9.95. Imagine, an 8-or-more-inch cock in 8 weeks or less for just \$9.95...practically nothing when compared to the pleasure you and your partner will derive from it. DON'T WAIT. The sooner you get started the sooner you'll have your new, giant, ram-rod. Send \$9.95 plus \$2 postage and handling to:

DEVELOPER NOW

ORIGINAL PRICE!**

Have you ever been embarrassed by the size of your penis? Have you tried to convince yourself it's not how big it is but how you use it? As long as your sex partner needs to be completely filled, you owe it to yourself to do something about a larger penis now!

Our penis developer will increase penis length, thickness, and make your erection harder and stiffer.

Did you know a woman's vagina will stretch and enlarge to accommodate a large penis? Imagine her excitement as you penetrate deeper than you ever have before.

How does our penis developer increase your penis length and diameter?

The answer is called hypermia, a medical term to describe blood filling into caverns of your penis. The caverns expand causing your penis to grow in size and diameter. The superior pump action and sealed vacuum of our penis developer urges your penis to grow to mammoth proportions. Our penis developer is not just a vibrator like some electric units you may see advertised. Remember, it is the precise slow super pumping action of our space age designed penis pump that builds your penis larger than you ever dreamed possible.

**Act now if you are interested in penis enlargement.

BATTERY ENERGIZED! DOES THE JOB
FOR YOU AND FEELS GOOD TOO!

Our competition offers regular models (not powered) or electric models (uses electricity and may be dangerous) for up to \$40. Now with the original battery-powered Komet sex aid you can prosthetically add 3 to 4 inches to any size penis. All this without strenuous exercise or electricity. The Komet's state-of-the-art engineering produces a steady flow of energy to produce the desired results and pleasurable sensations.

IF THE SIZE OF YOUR PENIS IS IMPORTANT TO YOU, THEN
YOU OWE IT TO YOURSELF AND YOUR PARTNER TO ADD
3 OR 4 EXTRA INCHES!

You have everything to gain and nothing to lose. Why use a non-powered unit or risk inserting your penis into an electric unit. (You know liquids, creams and jells and electricity don't mix and can be dangerous.) Why take chances. We will replace any defective model for 1 year plus shipping and handling charges.

CAUTION: Komet is the original, highest quality battery powered aid. Do not accept any cheaper model at any price.

NEXT MONTH IN
HUSTLER

December HUSTLER on sale October 1, 1991

YOUR LOG IN THE FIRE

HUSTLER makes December the hottest month of the year. Five flash burns scorch the Yule tool: for tits, a doll-face, blond cockbreaker frees her newborn, 18-year-old pair in paradise; for kicks, two limb-locking ladies vie for longest legs, softest ass and sweetest cherry pie (and both come up winners); for thrills, a breathless '60s chick breaks on through to her own sex liberation; for spills, the knockout brunette in room 69 gets in on the first floor with an elevator operator who only goes up; and a raven-haired, ivory-skinned sculptress uses her practiced fingers to hand-polish her private curves and cracks. Get stoked.

DEATH GRIP

Much of the injury Rodney King sustained in his infamous, videotaped altercation with the L.A. police was inflicted by the electric charges of a stun gun. In earlier days, the LAPD would have subdued King with a choke hold—a practice outlawed after the asphyxiation death of L.A. resident Alvin Whitehead in 1978. Take a hard look back at a bad day for the LAPD in *Cry Mercy*, jailer Steven R. and writer Linda Leso's chilling account of the day Alvin Whitehead arrived at the Los Angeles City Jail without a pulse.

JISM JET SET

Leggy, blond squackstress Sandra Scream straddles American and French culture with a blazing trail of crotch stains and photo fatigue. Porn journaliste Christian Shapiro tracks La Scream and her entourage of boudoir buddies from the Gallic sex mag *Hot Video*. Panty pulls and hot-oil displays, the fast-lane, flesh frolics of the international film festival at Cannes, in *Cum Taste Artiste*, are a lip-smacking serving of the finest French frosting.

ABOVE AND BEYOND

Writer Paul Desmond's "Swing Set," December's *Sex Play*, explains the growing number of swingers mags in a language every layman understands; *Hot Letters* shoots a scorching load from the fuck room to the mail room; *Beaver Hunt* opens the eyes of the world to what really makes America beautiful; and *Bits & Pieces* declares the holiday season open season for cheap laughs. HUSTLER in December is finger-burning, choad-churning fun. Fire away.
